

“Harena Maris is an all-natural health products company. Our products are sold in over 700 stores. We moved to Magnetawan from the GTA to not only reduce existing operating costs but also facilitate expansion, increase new product development and improve the overall quality of life for our staff and family. The Municipality of Magnetawan is working very aggressively to help build strong working partnerships between local businesses and the community.”

Craig Ferchat, President, Harena Maris Health Products Inc.
