Magnetawan**

COUNCIL MEETING MINUTES

January 21, 2026

1:00 pm

The meeting of the Council of the Corporation of the Municipality of Magnetawan was held at the Magnetawan Community Centre on Wednesday January 21, 2026 with the following present:

Mayor Sam Dunnett
Councillor Bill Bishop
Councillor Brad Kneller

Regrets:

Deputy Mayor John Hetherington
Councillor Jon Hind

Staff: CAO/Clerk Kerstin Vroom and Deputy Clerk Recreation and Communications Laura Brandt, were present for the entire meeting. Deputy Clerk Planning and Development Erica Kellogg and Public Works Superintendent Scott Edwards were present for their respective sections in the meeting.

OPENING BUSINESS

1.1 Call to Order

The meeting was called to order

1.2 Adoption of the Agenda

RESOLUTION 2026-01 Kneller-Bishop

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan receives the agenda as presented.

Carried.

1.3 Adoption of the Previous Minutes

RESOLUTION 2026-02 Kneller-Bishop

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan adopts the minutes of the Council meeting on December 10, 2025, and Planning Act Public Meeting on December 10, 2025, as copied and circulated.

Carried.

1.3 Disclosure of Pecuniary Interest

Mayor Sam Dunnett stated that should anyone have a disclosure of pecuniary interest that they could declare the nature thereof now or at any time during the meeting.

PRESENTATION

Rachel Sullivan & Rob Ross - Magnetawan Economic Tourism Committee Tagline Presentation

RESOLUTION 2026-03 Bishop-Kneller

BE IT RESOLVED THAT the Council of the Municipality of thanks Rachel Sullivan and Rob Ross for their presentation and extends their appreciation to the Magnetawan Economic Tourism Committee for their good work in their inaugural year;

AND HEREBY, is in favour of the use of the Tagline "Magnetawan-of-a Kind" with the compass on existing social media content and other marketing and/or promotional materials in conjunction with the Municipal Lighthouse logo.

Carried.

STAFF QUARTERLY REPORTS

Report from Fire Chief Derek Young

Report from By-law Enforcement Officer Jason Newman

Report from Chief Building Official Tyler Irwin

Report from Public Works Superintendent Scott Edwards

Report from Parks and Maintenance Manager Steve Robinson

Report from Deputy Clerk Erica Kellogg

Report from Deputy Clerk Laura Brandt

RESOLUTION 2026-04 Bishop-Kneller

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan receives the Staff Quarterly Reports from the Department Heads as presented for information only.

Carried.

STAFF REPORTS, MOTIONS AND DISCUSSION

2.1 Request STA Exemption Justin Bellon - Increasing Occupancy by 2, 12 Year Old Children

RESOLUTION 2026-05 Kneller-Bishop

WHEREAS the Council of the Municipality of Magnetawan passed Bylaw 2025-50 to License and Regulate the Use of Short-term Accommodation (STA) Properties in the Municipality;

AND WHEREAS the Council for the Municipality of Magnetawan passed Resolution 2025-87 permitting a licensed STA municipally known as 486 East Poverty Bay - Bellon, an increased rental occupancy from six (6) person – three (3) bedroom capacity to eight (8) persons for the 2025 operating season;

AND WHEREAS Bellon – 486 East Poverty Bay has submitted a letter requesting Council for the Municipality of Magnetawan approve the increased occupancy on an ongoing basis;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Magnetawan approves the exemption request to allow family bookings of 8 guests with the following conditions:

- Confirmation of the septic system being fully pumped to be submitted to the Municipality by October 31st of each year;
- The applicant apply for and be approved for an annual Short-term Accommodation licence.

Carried.

2.2 Report from Public Works Superintendent Scott Edwards, Award of RFP 2025-06 Engineering Services for Bridge #10 Bay St.

RESOLUTION 2026-06 Kneller-Bishop

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan receives the report Award of RFP 2025-06 Engineering Services for Bridge #10 from Public Works Superintendent Scott Edwards and approves the recommendations contained therein to award the project to Tulloch Engineering in the amount of \$140,110 plus HST; AND FURTHER directs Staff to include this amount in the 2026 budget.

Carried.

2.3 Report from Deputy Clerk Laura Brandt, Outcome of New Years Eve Gala
RESOLUTION 2026-07 Bishop-Kneller

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan receives the report Outcome of New Years Eve Gala from Deputy Clerk Laura Brandt and approves the recommendations contained therein to transfer the ticket and bar proceeds to the Community Enhancement Fund in the amount of \$6,933.30; AND FURTHER that \$10,000 be allocated for a New Years Eve Event in 2026.

Carried.

2.4 Request for Donation Almaguin Pride Network

RESOLUTION 2026-08 Kneller-Bishop

WHEREAS the Council of the Municipality of Magnetawan receives the correspondence from Claire Burns, Request for Donation Almaguin Pride Network;

AND WHEREAS Council is appreciative of the good work and inclusive messaging that the Almaguin Pride Network provides to our residents and neighboring communities;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Magnetawan approves the donation request in the amount of \$500.

Carried.

2.5 Discussion Ministry of Natural Resources Glyphosate Spraying

RESOLUTION 2026-09 Kneller-Bishop

WHEREAS the Ministry of Natural Resources and Forestry (MNRF), conducts forest management activities within the French-Severn Forest, which covers the Municipality of Magnetawan, including the use of herbicides containing glyphosate, in accordance with approved Forest Management Plans;

AND WHEREAS the application, regulation, and enforcement of pesticide use in Ontario falls under provincial and federal jurisdiction, including oversight by the Ministry of the Environment, Conservation and Parks (MECP);

AND WHEREAS municipalities do not have jurisdiction over provincial forest management operations or the approval of federally regulated pesticides;
AND WHEREAS glyphosate has been proven to increase mortality, behavioural changes and threatens overall survival of our pollinators, including bees, butterflies and other insects;

NOW THEREFORE BE IT RESOLVED THAT Council respectfully affirms that it is not in favour of the use of glyphosates in Canada and more specifically in and around the area of the Municipality of Magnetawan;

AND FURTHER THAT residents who have questions, concerns, or objections regarding glyphosate use or pesticide regulation are directed to contact the Ministry of the Environment, Conservation and Parks and/or Health Canada's Pest Management Regulatory Agency, as the appropriate authorities;

AND FURTHER THAT this resolution be forwarded to the Honorable Mike Harris, Minister of Natural Resources and Forestry, the Honourable Todd McCarthy, Minister of the Environment, Conservation and Parks, Health Canada's Pest Management Regulatory Agency, the Honourable Graydon Smith, MPP for Parry Sound–Muskoka, the Honourable Scott Aitchison, MP for Parry Sound–Muskoka, FONOM, AMO, and all Ontario municipalities through AMCTO.

Carried.

2.6 DRAFT Interim Tax Levy in 2026 By-law

RESOLUTION 2026-10 Bishop-Kneller

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan approves the DRAFT Interim Tax Levy 2026 By-law as presented, and the by-law on this matter will be passed later in the meeting.

Carried.

2.7 DRAFT Authorize Borrowing for Current Expenditures 2026

RESOLUTION 2026-11 Bishop-Kneller

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan approves the DRAFT Authorize Borrowing for Current Expenditures 2026 By-law as presented, and the by-law on this matter will be passed later in the meeting.

Carried.

MUNICIPAL BOARD AND COMMITTEE MINUTES

3.1 Almaguin Highlands Health Council Minutes November 6, 2025

3.2 District of Parry Sound Social Services Administration Board (DSSAB) Chief Administrative Officer's Report December 2025 & January 2026

RESOLUTION 2026-12 Kneller-Bishop

BE IT RESOLVED THAT the Council of the Municipality of Magnetawan receives the Municipal Boards and Committee Minutes as copied and circulated.

Carried.

CORRESPONDENCE

**RESOLUTION NO. 2026–****FEBRUARY 11, 2026**

Moved by: _____

Seconded by: _____

WHEREAS reliable, high-speed internet access is essential infrastructure that supports economic development, housing construction, healthcare, education, municipal operations, and overall community well-being;

AND WHEREAS the Province of Ontario has recognized the importance of digital infrastructure through the *Accelerating Access to Broadband for Ontario Act, 2021*, which seeks to expand broadband access to all Ontarians, particularly in underserved and rural communities;

AND WHEREAS access to affordable high-speed internet is a necessary precondition to achieving provincial and federal housing, economic development, and population growth targets;

AND WHEREAS Bell Canada currently offers dedicated fibre internet services at the following indicative rates under a five (5) year term within a regulated area: 100 Mbps / 100 Mbps \$1,010 per month, 500 Mbps / 500 Mbps \$3,090 per month and 1 Gbps / 1 Gbps \$3,250 per month.

AND WHEREAS such pricing structures place dedicated fibre services beyond the financial reach of many municipalities, small businesses, housing developments, non-profit organizations, and community facilities;

AND WHEREAS unaffordable broadband infrastructure costs undermine the intent of provincial and federal legislation aimed at universal access to high-speed internet, including federal programs administered by Innovation, Science and Economic Development Canada (ISED) and regulatory oversight by the Canadian Radio-television and Telecommunications Commission (CRTC);

AND WHEREAS affordable, high-speed internet access is essential infrastructure and a foundational requirement for inclusive growth, housing delivery, and community resilience and municipalities are required to plan for growth, housing, and economic competitiveness, yet have no say in telecommunications pricing and market structures;

AND WHEREAS the Council of the Municipality of Magnetawan calls upon the CRTC to examine the affordability of dedicated fibre pricing and its impact on municipal infrastructure, housing development, and equitable internet access;

AND WHEREAS the Council of the Municipality of Magnetawan calls upon the Government of Ontario to work with telecommunications providers to ensure that broadband infrastructure costs do not impede the objectives of the *Accelerating Access to Broadband for Ontario Act, 2021* and the *Building Faster Homes and More Choice Act, 2022*;

AND WHEREAS the Council of the Municipality of Magnetawan calls upon Bell Canada to review and revise its dedicated fibre pricing models to ensure they are affordable, transparent, and scaled appropriately for municipalities, community institutions, and local development projects;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Magnetawan calls upon the Government of Canada, including ISED, to strengthen affordability requirements tied to federal broadband funding and universal access programs;

AND FURTHER THAT this resolution be circulated to the Prime Minister of Canada Mark Carney, the Honourable Premier Doug Ford, the Honourable Melanie Joly, Minister of Innovation, Science and Industry, the Honourable Kinga Surma, Minister of Infrastructure, the Honourable Rob Flack, Minister of Municipal Affairs and Housing, the Honourable Graydon Smith, MPP for Parry Sound–Muskoka, the Honourable Scott Aitchison, MP for Parry Sound–Muskoka, Bell Canada, the CRTC, FONOM, AMO, NOMA, and all Ontario municipalities through AMCTO.

Dear Laura Brandt:

Thank you for contacting the CRTC with your question about internet pricing options for your municipality.

The CRTC sets the rates that large telephone and cable companies can charge other providers for access to their networks. However, we do not regulate the prices that internet service providers charge directly to customers.

Based on the information you provided, it appears that Bell's proposed fibre internet rates for your town are retail rates. As such, the CRTC does not regulate these rates, which the customer (whether residential, organisational or corporate) must negotiate with potential internet providers.

You may find alternative providers in your area by visiting the CRTC's General Tariff Exchanges website.

For more information about the CRTC's role in internet regulation, please see this dedicated page of our website.

If you have further questions about internet pricing options, we encourage you to seek independent expert advice.

Hi Laura,

Thank you for reaching out. In my training, it was explained to me as the prices are regulated by the CRTC. Should the CRTC be saying something different, then I cannot provide you an explanation.

What I can provide you is the information that our pricing team presents us with the prices. The prices are entirely dependent on the location. The prices are comparative for all telecommunications companies.

There are two different types of internet services: basic business, and dedicated fiber optic. Dedicated fiber is significantly more expensive than basic business. When I run your address through with my pricing team, the price I offered you is the best we can offer in your area for that service.

I understand you're not happy with the pricing, but I did present this to our highest team and those were the prices for your location. There are no better prices for the specific service that I offered you.

Thank you,

Bell

Subject: [EXT]RE: Bell Dedicated Fiber Internet

Good Afternoon Amber

I am reaching out once again as I reached out to the CRTC after our last correspondence in August to confirm if they regulate Fibre in our area.

The information you provided is incorrect as per below from the CRTC.

"The CRTC sets the rates that large telephone and cable companies can charge other providers for access to their networks. However, we do not regulate the prices that internet service providers charge directly to customers.

Based on the information you provided, it appears that Bell's proposed fibre internet rates for your town are retail rates. As such, the CRTC does not regulate these rates, which the customer (whether residential, organisational, or corporate) must negotiate with potential internet providers"

We would like an explanation on why the dedicated fibre rates are priced well beyond reasonable rates and why were told that fibre rates were regulated by the CRTC.

Looking forward to your response.

Laura Brandt, Deputy Clerk Recreation and Communications

Hi Laura,

Unfortunately I cannot provide you with the legal answer, but I can tell you that we have a tool that calculates the pricing based on region, even for internet services. These are called rate bands. We have rate band 0,1,2,3 and 4T. The CRTC does regulate our pricing and the price is entirely dependent on the zone. Your zone is regulated and, as such, falls into the latter categories which are more expensive.

I understand it is frustrating that the pricing is so expensive, but these are the business prices for your location with 100% certainty and we cannot change the regulated zones.

Thank you,

Bell

Subject: [EXT]RE: Bell Dedicated Fiber Internet

Good Afternoon Amber

I just wanted to reach out as we were speaking to our MP Scott Aitchison's regarding the Fibre project in our Municipality.

During our discussion we brought up the pricing of dedicated fibre including zones as well as that it will be at least a year for the undedicated fibre to be lit.

It's my understanding after speaking to them that the CRTC does not in fact regulate internet services by zone that it is only for wireless services see below their response researched from the Library of Parliament.

As stated below the only internet services that do have regulatory framework is when it is wholesale.

As we wouldn't be considered wholesale I once again ask why the pricing is so high as it seems this is Bell's rules and not rules that are imposed by a regulatory body.

Service area tiers

The service area tiers are used by Innovation, Science and Economic Development Canada (ISED) for the purpose of competitive licensing when allocating spectrum for wireless services. In contrast, fibre lines do not use spectrum.

The Canadian Radio-television and Telecommunications Commission (CRTC) does not regulate retail Internet service prices.

However, as part of its mandate, the CRTC does establish policies and issues decisions based on the objectives laid out as part of the Telecommunications Act, and more specifically as described under the Canadian Telecommunications Policy (section 7). Of the nine objectives outlined in this policy, the following three may be relevant to this request:

- (b) to render reliable and affordable telecommunications services of high quality accessible to Canadians in both urban and rural areas in all regions of Canada;
- (c) to enhance the efficiency and competitiveness, at the national and international levels, of Canadian telecommunications;
- (f) to foster increased reliance on market forces for the provision of telecommunications services and to ensure that regulation, where required, is efficient and effective;

It may also be of interest to know that, under the Telecommunications Act, (see section 8), the Minister of Industry, who heads Innovation, Science and Economic Development Canada (ISED), can issue directions of general application to the CRTC on matters relative to the Canadian telecommunications policy objectives.

As such, the federal government – and, by extension, the CRTC – bases its approach to affordable broadband services on facilitating greater competition among Internet service providers (ISPs).

Regulating wholesale Internet services

While the rates of retail Internet services are not regulated, the CRTC has established a regulatory framework which sets tariffs for the provision of wholesale services. This wholesale regime applies to larger incumbent companies who charge rates to competitors who access their networks in order to offer their services; see the [Our Role](#) webpage.

Further, competitors can access two types of wholesale services: aggregated and disaggregated. For more details, see the [Fostering competition in the Internet services market](#) webpage.

Recently, the Minister of Industry released a [statement](#) (6 August 2025) upholding a CRTC decision to expand the mandatory wholesale access framework. While [Telecom Regulatory Policy CRTC 2024-180](#) (13 August 2024), also referred to as the Final Decision, was initially announced last year, the federal government statement came after a series of events involving industry petitioning the Governor in Council and Orders in Council being issued, as well as applications to the CRTC to review and vary aspects of the wholesale framework set out in the initial policy.

This process ultimately resulted in the CRTC declining to modify the Final Decision. This conclusion is laid out in [Telecom Decision CRTC 2025-154](#) (20 June 2025) where the [Summary](#) and [Background](#) sections may provide some insight into the chronology of events.

Hi Laura,

I understand! Whatever works the best for you is what you should always do 😊

Thank you for the confirmation. If ever you'd like to expand to have all 20 employees on a plan, please do not hesitate to reach out.

Have a great day,
Amber

On Aug 7, 2025 5:30 p.m., Laura Brandt <lbrandt@magnetawan.com> wrote:

Hi Amber

Thank you for sharing your perspective. We understand that the current internet provider may not be ideal in your view. However, we've found ways to work within its limitations—for example, by avoiding music streaming during video conferences—and this setup continues to meet our needs for the time being.

Of course, fiber would offer significantly faster speeds still, the cost remains a major barrier. At \$12,000, it's not an expense we can justify. As a Municipality, we have a fiduciary responsibility to our ratepayers, and at this time, Staff cannot recommend this expenditure to Council.

Our requirements do not necessitate a dedicated service; a residential-grade connection shared with other users would suffice for our purposes.

From your comments, I gather the fibre service in question may be a dedicated line once associated with the Kawartha Bank branch when it was previously located here. We had inquired about that line in the past and were advised it was not available.

For now, we are prepared to wait patiently for improved basic internet availability or for an alternative provider to offer higher speeds.

Regarding your email about mobility plans: we are a small, single-tier municipality with a Staff of 20. Currently, we only require five cellphones, which are already with your service. Given our scale, we don't foresee a need for a larger corporate plan.

Subject: RE: Bell Dedicated Fiber Internet

Hi Laura,

That makes sense. I was hoping it was fiber so I could try to present my team with a competitive offer but obviously this is the price for a reason!

I understand that it would be hard to justify the yearly spend, but I would like to emphasize the difference in a fiber optic dedicated internet. It does not rely on public internet usage since it is a line drawn straight from Bell's central office to your city and it has a guaranteed uptime. By operating without a public network, 100mbps is almost always enough for any business I've had to work with.

In addition, there is a mean time to repair of 4 hours should the service ever go down.

If ever you'd like to reconsider the dedicated fibre, please let me know. Otherwise, you'll need to follow up in maybe a few months to check on basic internet availability.

Thank you,

Amber

Hi Laura,

It's very possible that it will become available once the work is done, but we may not have access to that for many more months. Unfortunately I'm not able to assist with residential services whatsoever, I can only do business services.

Were you still interested in getting the main fiber hookup for the city?

Thank you,

Amber

I guess we were under the assumption that since the fiber was being laid that it would be available which is unfortunate especially since Bell had a third party contractor going door to door for residential hook ups.

Hi Laura,

Unfortunately not. Laying fiber doesn't always mean that basic business internet or residential internet will be offered. It could be for other purposes. If it will be offered, it can take several years to finally be visible.

The only thing we can know right now and control quickly is the dedicated fiber.

Thank you,

Amber

Hi Laura,

Of course, I understand. Dedicated Fiber is only usually for businesses, it's not usually used for home locations. I checked the address and there is no basic business fiber service there. There is only a maximum of 50/10mbps on a copper line.

The dedicated internet is usually a line that we use for the main city internet or additional city services requiring a guaranteed, reliable, quality service.

Thank you,

Amber

Hi Laura,

I would have to check individual addresses to confirm what we have available, but usually residential pricing is different because it goes through our residential team, not the business team.

However, if Fiber is not available under the basic business internet for their address, they will not qualify for Bell service, they would have no choice but to get dedicated internet through the city's account at the same price.

Thank you,

Amber

Hi Laura,

Unfortunately that is not possible to do. There are tons of regulated areas and they have been determined already for years. We have multiple rate zones that the CRTC requires us to consider when providing price points.

Essentially we have zones 1,2,3,4 and you are a zone 3 which is why I was unable to offer you a price myself, it automatically went to our special pricing team.

Thank you,

Amber

Subject: RE: Bell Dedicated Fiber Internet

Hi Laura;

A regulated area is a location that has specific rules/terms applied to it that is directly monitored by the CRTC. That being said, all telecommunication companies have to function within a certain price point when making their offers to a regulated location and there is no room to go any lower than those prices.

Essentially regulated areas were created to prevent monopolies from strongholding smaller companies by offering amazing deals to customers and ensuring the smaller companies had no chance.

Regulated areas therefore tend to be more expensive by a little bit than unregulated areas.

Thank you,

Amber

Hi Laura,

Thank you so much for your patience. We have finally finished qualifying your address and running the location through our pricing specialists. This location is regulated so it took a bit longer than expected.

I ran 3 speed options for you to give you some variety for the city.

? 100/100mbps: \$1010/month on a 5 year term

- ? 500/500mbps: \$3090/month on a 5 year term
- ? 1GB/1GB: \$3250/month on a 5 year term

Please let me know which option works best for you and I will have the contract drafted.

Thank you,

Amber

Good morning,

My name is Amber and I am an account executive with Bell Canada. My colleague Daniela sent me your information and informed me that you're looking for a dedicated fiber line.

I am in the process of qualifying your address and I will get back to you as soon as I have the speed and pricing available.

If you have any questions or requirements, please do not hesitate to reach out.

Thank you,

November 16, 2020

Mr. Mirko Bibic, President and CEO
Mr. Gordon M. Nixon, Board Chair
BCE and Bell Canada
1 Carrefour Alexander-Graham-Bell
Building A, 4th Floor
Verdun, Québec H3E 3B3

Via Email: corporate.secretariat@bell.ca

Messrs. Bibic and Nixon:

Allow me to introduce my community to you. The Municipality of Magnetawan is along Highway 520, approximately 25 km west of Burks Falls and approximately 66 km east of Parry Sound. We are a growing community, with approximately 2,072 homes including both full time and seasonal. The municipality has an elementary school, several small businesses and restaurants as well as a post office, two municipal buildings and two fire halls. Like many northern municipalities, we struggle with good internet connectivity.

We appreciate that you expanded your existing Bell Internet Fibre Line from the #11 corridor to the Municipality of Magnetawan in 2019; however, currently it is still not 'lit up'.

As I am sure you understand, internet is no longer a luxury but rather a necessity for residents, similar to other utilities such as hydro, telephone, gas lines and water. We would like to know when Bell Canada plans to further the fibre infrastructure to Highway 124 and make the fibre available to the residents of the Village of Magnetawan as well as to its Municipal Buildings. As well, what is Bell Canada's plan moving forward to 'light up' the rural areas in the Municipality of Magnetawan?

Looking forward to hearing from you on how Bell Canada can help to bring good reliable connectivity to our Municipality.

Best Regards,

MUNICIPALITY OF MAGNETAWAN

Sam Dunnett
Mayor

*Knowing our heritage
we will build our future.*

Jan 21, 2026
agenda package
Item 4.2.

Touch the Edge of the Arctic!

The Corporation of the Town of Moosonee Council Resolution

Date: January 6, 2026

Strengthening Self-Defence Protections and Addressing Rising Home Invasions in Ontario
Resolution Number : 2026-008

Moved By: Councillor Susan Hunter

Seconded By: Councillor Diande Ryder

WHEREAS violent home invasions have increased in several regions of Ontario, creating growing fear and frustrating among residents;
AND WHEREAS Ontario homeowners increasingly believe that current self-defence laws do not provide sufficient and clear protection for individuals who lawfully defend themselves and their families during violent intrusions;
AND WHEREAS rural residents often experience police response times that can exceed 30 minutes or more, leaving citizens without immediate protection when confronted with life-threatening emergencies;
AND WHEREAS the absence of "home invasions" as a distinct offence in the crime and responding appropriately;
AND WHEREAS the Province of Ontario has repeatedly called for strengthened homeowner protections, including consideration of castle-law-style provisions, and for the federal government to act;
AND WHEREAS residents expect all levels of government to take decisive action to address gaps that leave families vulnerable in their own home;

NOW THEREFORE BE IT RESOLVED THAT:

1. The Corporation of the Town of Moosonee strongly supports the Province of Ontario's call for strengthened homeowner self-defence protection, including the adoption of clear and robust "castle law"-type provisions to ensure that law-abiding residents can protect themselves without fear of unjust prosecution.
2. Council calls on the Government of Canada to immediately prioritize reforms to the Criminal Code that strengthen and clarify the rights of homeowners who act in legitimate self-defence during violent home invasions.
3. Council demands that the federal government amend the Uniform Crime Reporting system to classify "home invasion" as a distinct criminal offence, allowing for accurate tracking, targeted enforcement, and informed public policy.
4. Council urges the Province of Ontario to take stronger action to monitor, publish, and improve police response times in rural and northern communities, and to ensure that residents are not left unprotected due to resourcing shortages.
5. Council encourages all Ontario municipalities to adopt similar resolutions to demonstrate a unified municipal voice calling for urgent reforms that protect citizens in their homes.

BE IT FURTHER RESOLVED THAT copies of this resolution be forwarded to:
The Prime Ministers of Canada, The Minister of Justice and Attorney General of
Canada. The Premier of Ontario, The Attorney General of Ontario, The Solicitor General
of Ontario, MPP Vic Fedeli, and all Ontario municipalities.

Results: Carried

Strengthening Self-Defence Protections and Addressing Rising Home Invasions in Ontario

Agenda Item: Resolution – Background Report (Submitted by Mayor Gould)

Ontario Premier Doug Ford has repeatedly called for a review or adoption of "castle laws" in Canada, beginning June 16, 2025, and continuing in August and October of 2025. Premier Ford has emphasized that Ontario families must feel safe in their homes and that law-abiding residents should not face legal uncertainty when legitimately defending themselves from violent intruders.

Several urban and suburban regions, including York and Peel, have experienced a documented rise in violent home invasions and have established dedicated task forces to address this trend. In contrast, rural communities lack reliable statistics because "home invasion" is not recognized as a distinct offence under the national Uniform Crime Reporting (UCR) system. As a result, these incidents are recorded under broader categories such as break-and-enter or assault, making it difficult to assess the true scale of the problem outside major urban centres.

Rural residents face additional vulnerabilities due to limited policing resources and significantly longer emergency response times, which can leave homeowners without immediate protection during life-threatening situations. These conditions highlight the need for clearer legal protections for homeowners, improved crime-tracking practices, and decisive action from both provincial and federal governments to enhance public safety.

Resolution: Strengthening Self-Defence Protections and Addressing Rising Home Invasions in Ontario

WHEREAS violent home invasions have increased in several regions of Ontario, creating growing fear and frustration among residents;

AND WHEREAS Ontario homeowners increasingly believe that current self-defence laws do not provide sufficient or clear protection for individuals who lawfully defend themselves and their families during violent intrusions;

AND WHEREAS rural residents often experience police response times that can exceed 30 minutes or more, leaving citizens without immediate protection when confronted with life-threatening emergencies;

AND WHEREAS the absence of "home invasion" as a distinct offence in the national Uniform Crime Reporting system prevents governments from understanding the true scale of this crime and responding appropriately;

AND WHEREAS the Province of Ontario has repeatedly called for strengthened homeowner protections, including consideration of castle-law-style provisions, and for the federal government to act;

AND WHEREAS residents expect all levels of government to take decisive action to address gaps that leave families vulnerable in their own homes;

NOW THEREFORE BE IT RESOLVED THAT:

1. The Municipality of Calvin strongly supports the Province of Ontario's call for strengthened homeowner self-defence protections, including the adoption of clear and robust "castle law"-type provisions to ensure that law-abiding residents can protect themselves without fear of unjust prosecution.
2. Council calls on the Government of Canada to immediately prioritize reforms to the Criminal Code that strengthen and clarify the rights of homeowners who act in legitimate self-defence during violent home invasions.
3. Council demands that the federal government amend the Uniform Crime Reporting system to classify "home invasion" as a distinct criminal offence, allowing for accurate tracking, targeted enforcement, and informed public policy.
4. Council urges the Province of Ontario to take stronger action to monitor, publish, and improve police response times in rural and northern communities, and to ensure that residents are not left unprotected due to resourcing shortages.

5. Council encourages all Ontario municipalities to adopt similar resolutions to demonstrate a unified municipal voice calling for urgent reforms that protect citizens in their homes.

BE IT FURTHER RESOLVED THAT copies of this resolution be forwarded to:
The Prime Minister of Canada, The Minister of Justice and Attorney General of Canada.
The Premier of Ontario, The Attorney General of Ontario, The Solicitor General of Ontario,
MPP Vic Fedeli, and all Ontario municipalities.

>

> We wish to voice our concerns regarding the council's decision to support Moosonee's resolution to encourage the adoption of so called castle law in Canada. Castle laws authorize the use of force, even deadly force in circumstances where your property might be subject to threat. It generally excuses the person who uses such force even though the force used might not be reasonable in the circumstances.

> In Canada, defence of property does not generally permit one to inflict grievous harm let alone death on a perpetrator. Castle laws do. Though in most cases one has a duty to retreat in Canada that duty to retreat generally does not mean you have to flee your home in the face of an intruder; but further, you have no right to use unreasonable force against such intruder.

> Your actions will be weighed against the particular circumstances and what is reasonable. Castle laws generally permit you to shoot first without concern about it being appropriate.

> Castle laws are generally an American phenomenon where the infliction of grievous bodily harm or death is casually accepted. We do not think that we should be trying to emulate American culture in that regard.

>

> Thank you for considering these comments.

Castle laws won't fix what Ford and Poilievre claim is broken in self-defence rules

Heated rhetoric about charging man for stabbing home intruder ignores existing protections

OPINION

By Michael Spratt

Sep 05, 2025 / Share

After a Lindsay, Ont., man was charged with aggravated assault for allegedly stabbing a home intruder, the case quickly moved from the courthouse to the political stage. Within hours, Ontario Premier Doug Ford and federal Conservative Leader Pierre Poilievre were using the tragedy to declare Canada's self-defence laws broken. However, the reality is not that Canadians are helpless to defend themselves; it is that politicians can never resist the urge to turn a messy legal case into a cheap political prop.

The Lindsay case is defined as much by what we don't know as by what we do, precisely what politicians prefer to ignore. Here is what we do know: in the middle of the night, a man awoke to find an armed intruder in his apartment. A violent struggle followed, reportedly involving both a knife and a crossbow, and the intruder was left with life-threatening injuries. The resident now faces aggravated assault charges. We don't know: how the fight unfolded, when the threat ended, and whether force crossed the line from defence to excess. Those are questions for a courtroom, not a press conference. Unless, of course, you are a politician who finds microphones more useful than facts.

Ford wasted no time calling the justice system "broken," thundering that, "You should be able to protect your family when someone's going in there to harm your family and your kids." Poilievre chimed in with his tough-on-crime poetry, demanding clarity in the law. Kevin Vuong, a wanna be Conservative former member of parliament, solemnly declared that people should be allowed to use "reasonable force" to defend themselves.

How do we know this outrage is performative grievance and not genuine concern? Because the law already does precisely what they claim it doesn't. And here's the kicker: Poilievre should know this better than anyone. The Conservatives rewrote the self-defence provisions in 2012. Poilievre voted for them. Now he's out pretending that the law he championed is some sinister Liberal plot against homeowners. That takes an Olympic-level memory lapse or a strong commitment to gaslighting.

In Canada, everyone has the right to defend their families and homes. What we don't have are American-style "castle doctrine" laws that essentially give you a hunting licence for anyone who stumbles across your property line. Canadian law is focused on reasonableness, not frontier justice.

Yes, “reasonable” – at least to those who weaponize their ignorance for political gain – is a fuzzy word. But the Criminal Code does not leave us guessing. It instructs courts to look at the nature of the threat, whether there were other options, whether weapons were involved, the size and strength of the parties, their history with each other, the proportionality of the response, and whether the force was used against someone acting lawfully.

The law doesn't expect perfection or require homeowners to calibrate their blows with scientific precision. It asks us to put ourselves in the shoes of the person under threat. A woman confronted in the middle of the night by a masked, armed intruder in a remote home will be judged differently than an off-duty special forces soldier who finds a teenager passed out on his porch.

It is undoubtedly reasonable to use lethal force on an intruder who aggressively attacks you while you are sleeping. It is probably not reasonable to shoot your neighbour who sheepishly apologizes after drunkenly stumbling into the wrong house. This is not rocket science.

So yes, Doug, Canadians can defend their homes and families. The law allows this. And yes, Pierre, your law, the one you voted for already, makes that clear. And yes, Kevin, people can use reasonable force. That's literally what the law says.

There will always be grey areas. Sometimes homeowners will be charged. That is why we have judges, prosecutors, and defence lawyers. Those charges are often withdrawn or dismissed once the facts are tested. And yes, prosecutors could withdraw charges earlier if deemed appropriate, a suggestion Ford could make to his Crown attorneys if he were more interested in solutions than slogans.

Poilievre's solution, as detailed by Andrew Coyne, is to propose a castle-style law that would “eliminate” second-guessing and take us down the same road that resulted in the killing of a Houston boy who was gunned down while playing Nicky Nicky Nine Doors. After this piece was submitted the homeowner was charged on this incident, an ironic reminder that waiting for facts is important when writing options or suggesting legislation. .

Undermining the public's understanding of the law, stoking unnecessary fear, and floating castle laws for a few cheap political points do more than distort reality. They corrode trust in the justice system, leave people confused about their rights, and feed the false belief that Canadians are helpless against crime. That may be good politics for Ford and Poilievre, but it is spinless and reckless leadership.

Canadians deserve clarity, not fearmongering. If the goal is to keep people scared and misinformed, then mission accomplished. But if the goal is honest leadership, maybe start with the basics: stop pretending the law says something it doesn't. Canadians already have the right to defend themselves. They don't have the right to be misled by politicians who know better. The only thing most Canadians need protection from now is politicians who think dishonest fearmongering is a form of public service.

Castle Law In Canada: What You Need To Know

When people search for “castle law Canada,” they’re often trying to understand whether Canadians have the same legal protections as Americans do when defending themselves at home.

In the U.S., “castle doctrine” or “stand your ground” laws often allow homeowners to use force — including lethal force — without having to retreat.

But Canada takes a different approach...

Let’s check it out.

WHAT IS CASTLE LAW?

The idea of “castle law,” also called “castle doctrine,” comes from the saying that a person’s home is their castle.

In many U.S. states, this law means that if someone breaks into your home, you may legally use force to protect yourself and your property.

Some states even extend this to public places with “stand your ground” rules.

But the concept of castle law doesn’t officially exist in Canada.

Instead, Canadians rely on the self-defence and defence of property provisions in the Criminal Code.

DOES CANADA HAVE CASTLE LAW?

Canada does not have a specific “castle law.”

However, the Criminal Code does allow Canadians to defend themselves and their property under certain conditions.

↑ **Section 34 – Self-defence:** A person may use force if they believe on reasonable grounds that force is being used against them, or against someone else, and their actions are necessary to defend. The court must then decide if the force was **reasonable in the circumstances**.

↑ **Section 35 – Defence of property:** A person may use reasonable force to prevent someone from entering or damaging their property, or to remove someone who is trespassing.

The courts look closely at whether your actions were necessary and proportionate to the threat you faced.

CAN YOU SHOOT AN INTRUDER IN CANADA?

This is one of the most common questions people ask.

The short answer is: you can only shoot an intruder in Canada in very limited circumstances.

Canadian law does not give blanket permission to shoot an intruder.

If you genuinely believe your life — or the life of someone else in the home — is in immediate danger, and no lesser force would stop the threat, then lethal force may be justified.

Courts consider a range of factors under section 34(2), including the nature of the threat, whether weapons were involved, the size and physical capabilities of those involved, the proportionality of the response, and whether there were other means available to respond, such as retreating or calling police.

CAN YOU KILL A HOME INTRUDER IN CANADA?

Similar to the above, the law allows for the possibility that killing an intruder could be justified, but only if you were acting in self-defence against a threat of death or grievous bodily harm.

It's important to understand that even if you act in self-defence, you could still face charges.

A court would then decide whether your actions fit within the legal definition of self-defence.

CASTLE DOCTRINE CANADA VS. UNITED STATES

The biggest difference between Canadian and U.S. laws is that Canada does not have "stand your ground" or "castle doctrine."

Canadians are allowed to defend themselves, but always within the limits of what's considered reasonable.

In the U.S., the law often removes the duty to retreat.

In Canada, there is no codified duty to retreat, but whether you had other options available — like leaving or calling for help — will be part of the court's assessment of reasonableness.

WHAT HAPPENS IF YOU USE FORCE AGAINST AN INTRUDER?

If you defend yourself or your home, police may still investigate and charges can be laid, especially if serious injury or death occurred.

If self-defence becomes an issue at trial, the Crown must ultimately prove beyond a reasonable doubt that your actions were not justified.

That's why self-defence cases can be complex.

The outcome depends heavily on how the court interprets your actions within the framework of the Criminal Code.

WHY THE DEBATE AROUND CASTLE LAW IN CANADA MATTERS

Castle law often comes up in political debates.

Some politicians, such as Doug Ford and Pierre Poilievre, have voiced support for stronger self-protection rights, similar to U.S. laws.

Supporters argue that homeowners should not fear prosecution if they defend themselves.

Opponents counter that expanding self-defence laws could increase violence and reduce public safety.

For now, the law remains rooted in the Criminal Code, which balances the right to defend yourself with the need to prevent unnecessary violence.

Criminal Code (R.S.C., 1985, c. C-46)

Defence — use or threat of force

34 (1) A person is not guilty of an offence if

- (a) they believe on reasonable grounds that force is being used against them or another person or that a threat of force is being made against them or another person;
- (b) the act that constitutes the offence is committed for the purpose of defending or protecting themselves or the other person from that use or threat of force; and
- (c) the act committed is reasonable in the circumstances.

(2) In determining whether the act committed is reasonable in the circumstances, the court shall consider the relevant circumstances of the person, the other parties and the act, including, but not limited to, the following factors:

- (a) the nature of the force or threat;
- (b) the extent to which the use of force was imminent and whether there were other means available to respond to the potential use of force;
- (c) the person's role in the incident;
- (d) whether any party to the incident used or threatened to use a weapon;
- (e) the size, age, gender and physical capabilities of the parties to the incident;
- (f) the nature, duration and history of any relationship between the parties to the incident, including any prior use or threat of force and the nature of that force or threat;
- (f.1) any history of interaction or communication between the parties to the incident;
- (g) the nature and proportionality of the person's response to the use or threat of force; and
- (h) whether the act committed was in response to a use or threat of force that the person knew was lawful.

No defence

(3) Subsection (1) does not apply if the force is used or threatened by another person for the purpose of doing something that they are required or authorized by law to do in the administration or enforcement of the law, unless the person who commits the act that constitutes the offence believes on reasonable grounds that the other person is acting unlawfully.

Toronto

Ontario man charged after confronting intruder inside home allegedly used knife, court docs say

Kawartha Lakes police called to home early Monday morning

Thomas Daigle · CBC News · Posted: Aug 21, 2025 11:57 AM EDT | Last Updated: August 21, 2025

The Lindsay, Ont., man facing criminal charges for allegedly attacking a home intruder is accused of using a knife in the incident, court documents show.

A charge sheet filed by police on Thursday and reviewed by CBC News identifies the apartment tenant as Jeremy David McDonald, 44.

The documents say McDonald is charged with aggravated assault and assault with a weapon after he "did endanger the life" of Michael Kyle Breen, 41.

Kawartha Lakes police previously declined to identify the two men involved in the incident and have not said whether the pair knew each other.

McDonald's lawyer, Steven Norton, told CBC in an email his client "maintains his innocence and was acting within his rights to defend himself and his property."

McDonald "was doing what anyone would do if they were in his situation of a home invasion," Norton said.

Police said they were called to the home at approximately 3:20 a.m. on Monday for a report of an "altercation." They said officers learned the resident had awoken to find an armed intruder in his apartment.

A fight ensued, police said, and the alleged intruder — now identified as Breen — was seriously injured and airlifted to a Toronto hospital.

Police said Breen was already wanted by investigators at the time of the incident. They said he faces multiple charges in connection with the Monday incident, including weapon possession, breaking and entering and theft.

A representative of the Ontario Court of Justice in Lindsay, part of the city of Kawartha Lakes, said Thursday afternoon that no charge sheet had been filed under Breen's name this week. Police have not said what weapon they allege he wielded during the break-in.

Questions about 'reasonable' force

The incident has attracted widespread attention across Ontario.

Federal Conservative Leader Pierre Poilievre said in a social media post, "If someone breaks in, you deserve the right to defend your loved ones and your property — full stop."

Premier Doug Ford suggested the charges laid against McDonald show "something is broken."

"I know if someone breaks into my house or someone else's, you're going to fight for your life," Ford told reporters on Wednesday. "This guy has a weapon ... you're going to use any force you can to protect your family."

Legal experts, however, have pointed out there's a limit to what's considered reasonable force in a case of self-defence.

"What would be unreasonable," former police officer Dan Jones told CBC News Network, "is as you've got them subdued on the ground, already under control, continuously hitting them, or hurting them, or stabbing them."

"It's unclear if these two individuals were known to each other, that could play into it as well," said Jones, chair of the Justice Studies program at NorQuest College in Edmonton.

"There's a lot that we don't know."

Kawartha Lakes police chief Kirk Robertson stressed on Wednesday that Canadian law allows "a person to use reasonable force to protect themselves and their property if they believe they are facing a threat. However, it is important to understand that these rights are not unlimited."

Robertson said "investigators were able to examine all of the information and evidence that was available, prior to laying any charges."

McDonald is scheduled to make his first court appearance on Sept. 25.

Excerpt from Draft Official Plan

Land Acknowledgement

The Municipality of Magnetawan recognizes all of Canada resides on traditional, unceded, and/or treaty lands of the Indigenous People of Turtle Island. We recognize our Municipality on The Robinson Huron Treaty territory is home to many past, present and future Indigenous families. This acknowledgment of the land is a declaration of our commitment and collective responsibility to reconcile the past, and to honour and value the culture, history and relationships we have with one another.

RESOLUTION NO. 2026-

FEBRUARY 11, 2026

Moved by: _____

Seconded by: _____

WHEREAS prescription drug diversion, particularly involving regulated opioids and other controlled medications, presents a serious and growing risk to public health, community safety, and vulnerable populations across Ontario, including Northern and rural communities;

AND WHEREAS evidence from law enforcement, health professionals, and community drug strategy partners demonstrates that diverted prescription medications are contributing to substance misuse, criminal activity, and increased strain on health, social, and enforcement systems throughout Northern Ontario;

AND WHEREAS the Partnership and Collaboration Project, *"The Birth of Change"* (written by the North Bay Police Services and Community Drug Strategy of North Bay & Area), brings together law enforcement, addiction medicine specialists, pharmacists, public health partners, and community organizations to address prescription diversion through a collaborative, evidence-based, and multi-sector approach;

AND WHEREAS the project identifies practical regulatory, prescribing, dispensing, and prevention measures intended to reduce diversion while maintaining appropriate access to medically necessary pain management and addiction treatment services;

AND WHEREAS municipalities across Northern Ontario are experiencing the downstream impacts of prescription diversion, including pressures on emergency services, policing, housing stability, and community well-being;

THEREFORE BE IT RESOLVED that the Council of the Municipality of Magnetawan formally supports the Partnership and Collaboration Project, *"The Birth of Change"* and its objectives to reduce prescription drug diversion through coordinated, evidence-based action; and

BE IT FURTHER RESOLVED that the Council of the Municipality of Magnetawan calls on the Province of Ontario, including the Ministry of Health and the Ministry of Mental Health and Addictions, to review and give serious consideration to the project's recommendations, including regulatory, prescribing, dispensing, and prevention strategies aimed at mitigating prescription diversion while protecting patient care; and

BE IT FURTHER RESOLVED that the Council of the Municipality of Magnetawan encourage continued provincial engagement with municipalities, law enforcement, health professionals, pharmacists, and community partners to ensure that solutions are practical, regionally appropriate, and responsive to the realities faced by Northern Ontario communities; and

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded to the Minister of Health, the Associate Minister of Mental Health and Addictions, Honorable MPP Graydon Smith, Sgt. Brad Reaume, Almaguin Highlands O.P.P Detachment Board, FOMON, NOMA, AMO, ROMA and AMCTO.

“the birth of change”

Location of Project:

The Prescription Diversion project is underway in the Nipissing District, located in Northeastern Ontario, established in 1858. The district seat is North Bay. North Bay is a diverse community with a population of 52,662 and a regional trading area of 112,000, covering the districts of Nipissing, Parry Sound, Timmins, Temiskaming Shores, and Cobalt.

The North Bay Census Agglomeration includes the Municipalities of East Ferris, Callander, and the Townships of Bonfield and Chisholm. Unorganized townships include Nipissing North and the Municipality of Powassan. As of the 2021 Census, the total population of North Bay, CA is 71,736.

English is the primary language, with a smaller French-speaking community. Indigenous people comprise 10.7% of the population, with the majority identifying as First Nations.

Three general hospitals operate in the Nipissing District: North Bay Regional Health Centre, West Nipissing General Hospital, and Mattawa General Hospital.

The region receives policing services from the North Bay Police Service, Ontario Provincial Police, both municipal and regional offices, and the Anishinabek. Police Service.

Definition of Prescription Diversion:

Diversion occurs when a prescription holder receives medication from a pharmacist/dispenser and is then traded or sold. This may come in many forms, as low-impactful as a benefit holder assisting a family member with costs or non-narcotic medication.

Diversion is the illegal distribution or abuse of prescription drugs, or their use is not intended by the prescriber. The vast majority of diversion includes the sale or trade of prescribed narcotics for currency or a more desired narcotic like fentanyl and analogs of fentanyl.

Background:

In February 2025, the Street Crime Unit of the North Bay Police Service recognized that Prescription Diversion within the community was continuing to increase. Detective Brad Reaume reported that he had been informed by a dealer that he had arrested “that everyone diverts their medication”. This person continued to relay statements such as they are like “candy on the streets, kids are buying them,” and “you’re doing the same thing you did with oxy’s all over again.”

During the execution of several search warrants, 8mg Dilaudid pills and prescription bottles were found routinely, and during one search warrant, over 1000 pills were discovered.

Hydromorphone is being sold and traded for a preferred narcotic- Fentanyl (Analog). The pills are then sold for a profit to low-tolerance individuals and introduction to substance abusers. A concerning factor is that young people are seeking out dealers to purchase these pills.

Methadone, a Schedule II narcotic used to treat Opioid use disorder, is also sold and traded for the preferred drug of choice. (See Appendix A: Slide deck *Diversion North Bay.ppt*)

In February 2025, a series of meetings took place with various stakeholders and partners to begin addressing the issue strategically. Detective Brad Reaume and Patricia Cliche from the

Partnership and Collaboration

“the birth of change”

Community Drug Strategy – North Bay & Area assumed the roles of Chairs for the Prescription Diversion Project.

A series of meetings from February through to March 10, 2025, were hosted with addiction physicians presenting the issue and soliciting input and recommendations from the prescribers. Also in February, an awareness letter, “Withdraw Management & Opiate Prescribing Issue,” was sent to all addiction physicians as well as to the Department of General & Family Practice at the North Bay Regional Hospital.

On May 2, 2025, Detective Brad Reaume and Pat Cliche met with our local MPP, Vic Fedeli, to communicate the issue of diversion and address some regulatory changes. MPP Fedeli advised us to speak directly to the staff at the Ministry of Mental Health and Addictions, and that at the first opportunity, he would pass on information to the Associate Minister Honourable Vijay Thanigasalam.

On May 27, 2025, a Media Release was posted to communicate and raise awareness around the issue of diversion and the types of medications that are a risk to individuals who are not regulated consumers. (See Appendix B: Media Release)

During July 2025, we had the opportunity to discuss the issue of Prescription Diversion via a virtual platform with three staff members from the Ministry of Mental Health and Addictions. The meeting was an opportunity to discuss future steps and plans regarding the North Bay project, ensuring to share and keep the Ministry up to date on plans and progress.

In our past experiences with our development of Bill 33 – Safeguarding our Communities Act, it was realized that the pharmacists were Gatekeepers to assist in the success of projects. We scheduled two meetings with all our local pharmacy outlets to seek their recommendations to address this concern.

First meeting was held on April 10 with some suggested recommendations, and on August 28, 2025, a large symposium with pharmacists, enforcement, addiction physician from Sudbury, partners from the local Mental Health & Addiction Committee and a Lived experience person who stated she had lost two partners to overdose but that she had “trafficked her prescriptions over 10,000 times.” The participants revealed crucial facts relating to actual diversion, indicating that prescription holders quickly (within 24 hours) divert their prescriptions for sale or trade. This key fact is supported by police investigations, where diverted medications were discovered and supports the regulatory changes recommended.

This issue of diversion is also not isolated to one community; it is widespread across the province. In Timmins, Police seized \$1.26 million in drugs and arrested 22 people, the result of a major drug operation in Timmins and Attawapiskat First Nation. Project Albion was conducted in conjunction with the Timmins Police Service, the Ontario Provincial Police, and it began in September 2024. They also seized \$100,000 in cash. Among the drugs seized were: fentanyl, crystal methamphetamine, methamphetamine pills, cocaine, oxycodone (Percocet and

Partnership and Collaboration
"the birth of change"

OxyContin pills), hydromorphone pills, morphine pills, psilocybin, lorazepam, Ritalin, MDMA, two motor vehicles, a rifle, a conducted energy weapon, and various paraphernalia consistent with drug trafficking.

Finally, in London, Ontario, CBC news reported on July 8, 2024, that about half of the opioids seized by London, Ont., police last year were prescribed Dilaudids.

Dilaudids made up roughly 15,000 of the hydromorphone pills seized in 2023.

Goal for Prescription Diversion:

To work with various community pharmacists, prescribers and committee members to explore potential best practices/strategies and regulatory options that may mitigate the impact of prescription diversion.

Objective for Prescription Diversion:

To convene working forums with identified pharmacists, prescribers and committee members under one umbrella to focus on the issues surrounding prescription diversion and then to develop multiple strategies aimed at reducing or eliminating the issue.

Deliverables: (Strategies-Recommendations)

(A) Recommendations: Addiction Physicians on March 10, 2025

1. Utilization of screening tool by all prescribing physicians in our area to ensure consistent screening of all clients.
2. Prescribing physicians will schedule and document a call-back screening program as a pilot.
3. The NBPS will notify the individual physician via a private text with a photo of all and any identified prescription bottles discovered during a search. It is the responsibility of the physician to then notify and speak to the client. (A legal discussion currently ongoing to determine if this contravenes privacy regulation)
4. Future meetings will be arranged with the community pharmacy outlets.
5. Suggestions that we re-initiate the return of Methadone bottles to the pharmacy or clinics used.

(B) Recommendations: Pharmacy Outlets on April 30, 2025

1. Return of Methadone Bottles to the pharmacy or clinic, but must be consistent across all pharmacy outlets. Develop a Best Practice regulation so that all outlets are compliant.
2. **Call-back** process for a pre-determined time period. Zero tolerance policy for clients if not compliant; they will be obligated to speak to their physician and be subject to a quantitative urine sampling investigation. The pharmacy will do if funding is available for consultation fees, which will sufficiently interfere with hydromorphone diversion.
3. Investigate the feasibility of a written, signed contract between the patient and physician. Violation of regulations will result in the immediate termination of the prescription.
4. Remove Dilaudid 8 mg (Hydromorphone) from provincial pharmacy coverage, **OR** develop a standard and accepted callback regulation requiring prescribers to call back

Partnership and Collaboration
“the birth of change”

- patients on a random basis to demonstrate the medication has not been diverted. This will be done on a no less than 4 times per year, and there shall be no announcement of this regulation.
- 5. Physicians, when prescribing, observe the client taking Kadian. This will eliminate Kadian in our communities.

(C) Recommendations: August 28, 2025

Regulatory Recommendations for Prescription Diversion

Opioid diversion poses a significant risk to both public health and community safety. Our committee believes that these recommendations strike a balance between ensuring appropriate access to necessary pain medications and safeguarding our communities from the risks associated with diversion. A multifaceted approach will also provide patients with safer, evidence-based alternatives for managing pain and addictions.

All pharmacy outlets in Ontario must remain consistent and compliant with all approved regulations regarding prescription diversion.

1. Formulary Adjustments

- **Delist from the Ontario Drug Benefit (ODB) Formulary**
 - Dilaudid (hydromorphone) 8mg tablets: DIN 00786543 and all its generic interchangeables
 - Hydromorph Contin 24mg (DIN 02125382) and 30mg (DIN 02125390), and 4.5 mg (DIN 02359502) capsules with all their generic interchangeables
- **Restrict access to higher-strength formulations from General Benefits to Limited Use (LU) or Exceptional Access Program (EAP)**
 - Dilaudid 4 mg tabs (DIN 00125121) and all its generic interchangeables
 - Hydromorph Contin 18mg caps (DIN 02243562) and all its generic interchangeables

2. Dispensing Regulations

- If Kadian is to be provided, the administration **must be observed**. There is to be no take-home prescription. Exceptions under certain circumstances, such as when the provider is closed for the weekend.
- Implement legislation limiting opioid dispensing to a **maximum 14-day supply**
- Establish a **random “call-back” program**, allowing pharmacists/physicians to request that patients return their dispensed opioid medications in their original containers for verification and count
- A **nominal \$5:00 fee** would be reimbursed under ODB for each callback, limited to four (4) callbacks per client per year
- Require that all **methadone carry bottles be returned** with their original label intact for patients to receive their next carry supply.

Partnership and Collaboration
“the birth of change”

3. Enhanced Pain Management Options

- Expand provincial coverage to support a multifaceted approach to acute pain management to include:
- Addition of non-opioid options to the ODB formulary, muscle relaxants, tramadol, and tramacet, anti-inflammatories such as ketorolac
- Short-term coverage for physiotherapy, chiropractic care, massage therapy, and psychotherapy

4. Alternatives to Opioid Detoxification

- Explore and implement non-opioid-based approaches to detoxification, reducing reliance on opioids in the recovery pathway.

(D) Other recommendations and suggested prevention strategies

- Legislative changes are needed, such as delisting higher strengths of opioids and limiting prescription quantities to reduce diversion and encourage reflection on dosage choices.
- Improve regulations and reporting mechanisms to address prescription diversion and trafficking.
- Review concerns around the lack of coverage for alternative pain management treatments, suggesting this contributes to addiction issues and the need to consider broader healthcare system reforms.
- Potential strategies to detect and prevent prescription diversion, including the use of technology for remote medication monitoring.
- Reporting of physicians if it is known that they are aware their client is diverting their medication and ignore the issue. Should they be reported to their college for them to review their practice?
- A creation of a clear reporting channel for pharmacists and physicians that can be implemented quickly.
- The need to address this issue proactively to avoid legal challenges, similar to a Class Action suit with Oxycodone.

Actions to Address Prescription Diversion

1. Seek approval from the Ministry of Mental Health and Addictions for our submitted Proposal of September 18, 2025. and presently the latest format Partnership and Collaboration – “the birth of change”
2. Increase public education and awareness not only in schools but also among the general public.
3. The need to review and recommend some mandatory guidelines for the use of Methadone, such as the actual consulting during treatment and determining the length of time that a client remains on Methadone.
4. Seek approval and letters of support from various partnerships throughout our Province.

Opioid toxicity deaths in Ontario by year, 2003-2024 Q2

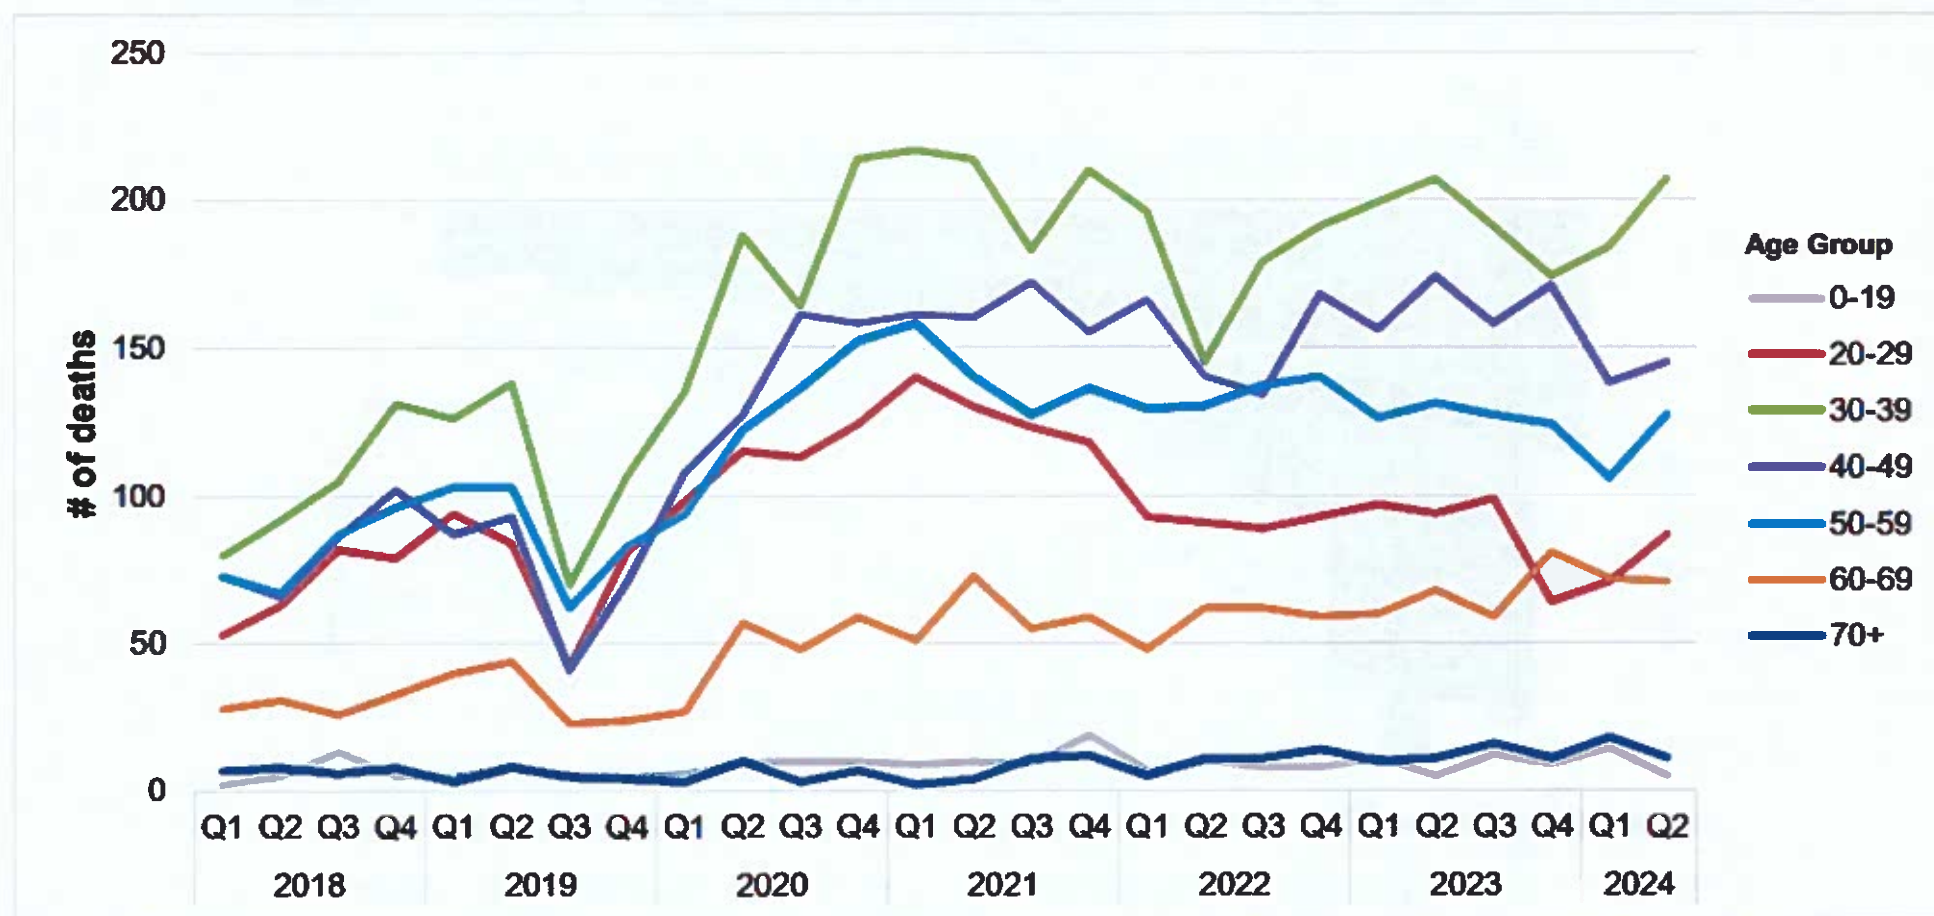

In 2021, the mortality rate for opioid toxicity in Ontario was 19.3 per 100,000 population; more than double the rate in 2017 (9.1).

In 2024(Q1&Q2), the mortality rate has decreased by 12% compared to 2021, however remains 59% higher than in 2019.

Source: Office of Chief Coroner (OCC) - Data effective October 28, 2024

Includes confirmed and probable opioid toxicity deaths and ongoing investigations where information may be pending. Data are preliminary and subject to change.

Opioid toxicity deaths in Ontario by age group, 2018-2024 Q2

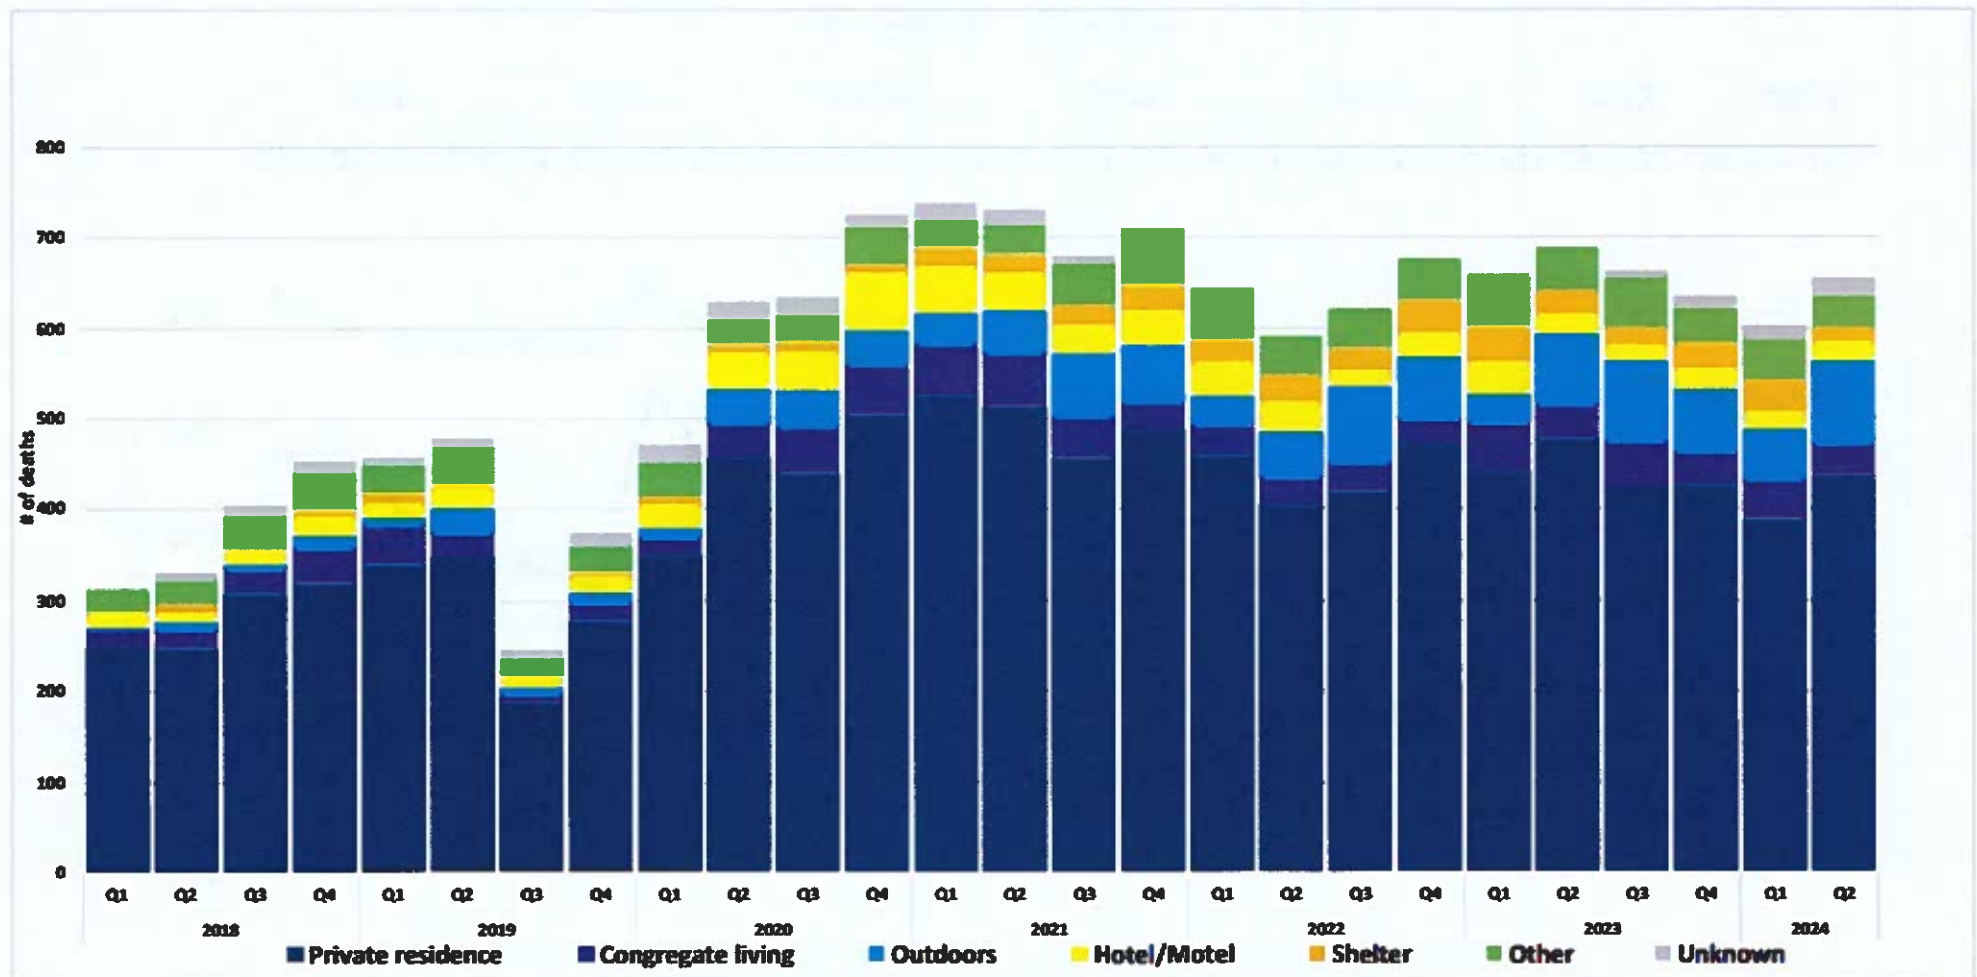

Age groups 30-59 continue to be most impacted, accounting for 73% of deaths in Q2 2024.

Opioid toxicity deaths in Ontario by sex, 2018-2024 Q2

3 in 4 deaths have been among males since the start of the pandemic.

Locations of Incident among Opioid Toxicity Deaths in Ontario, 2018-2024 Q2

The majority of fatal opioid toxicity events (nearly 7 in 10) occur in private residences.

Source: Office of Chief Coroner (OCC) - Data effective October 28, 2024.

Includes confirmed and probable opioid toxicity deaths and ongoing investigations where information may be pending. Data are preliminary and subject to change.

'Other' locations of incident include: Correctional Facility, in Custody, Hospital/Clinic, in a Vehicle, Public building, and Industrial/Construction Site (Factory, Plant, Warehouse, Mine)

Material Resources Marginalization Index among opioid toxicity deaths in Ontario, 2018-2024 Q2

Nearly half of all opioid toxicity deaths occur among people living in areas experiencing the highest level of material resource marginalization (i.e., extreme difficulty attaining basic material needs).

Source: Office of Chief Coroner (OCC) - Data effective October 28, 2024. Includes confirmed and probable opioid toxicity deaths and ongoing investigations where information may be pending. Data are preliminary and subject to change.

Based on postal code of residence where available; if missing, then postal code of incident is used. The [2021 Ontario Marginalization \(ON-MARG\) Index](#) uses dissemination area (defined as a "relatively stable geographic unit with average population of 400 to 700 persons") and material resources quintiles. The material resources dimension is related to poverty and the inability to attain basic material needs such as housing, food, clothing, and education. It is a known limitation that ON-MARG may not be able to accurately represent Indigenous reserves, Indigenous people living off reserve or institutionalized populations (nursing homes, penitentiaries etc.) due to how the information is collected in the census.

Substances involved in opioid toxicity deaths in Ontario, 2018-2024 Q2

	% of Opioid Toxicity Deaths by Year

MEDIA RELEASE

North Bay Police Service

**COMMUNITY
DRUG STRATEGY**
NORTH BAY & AREA

For immediate release

on May 27, 2025

Media Release “Prescription Diversion”

The North Bay Police Service has identified an increased presence of diverted prescription opioids within the North Bay community. Prescribed substances such as hydromorphone, morphine sulphate, and medications for Opiate Agonist Treatment are frequently encountered in drug investigations, and there have recently been significant quantities showing up in police investigations revealing evidence of diversion. Diversion occurs when an individual, who is prescribed medication, sells, trades, or gives their narcotics to someone else. Once these narcotics enter the community, they pose a risk to individuals who are not regulated consumers.

To address this growing concern, the Community Drug Strategy and North Bay Police have been working with local prescribers and pharmacists, to explore potential prevention strategies and regulatory options that may mitigate the impact of prescription diversion in both the community and surrounding areas. Everyone involved has expressed a strong willingness to partner in identifying and implementing solutions.

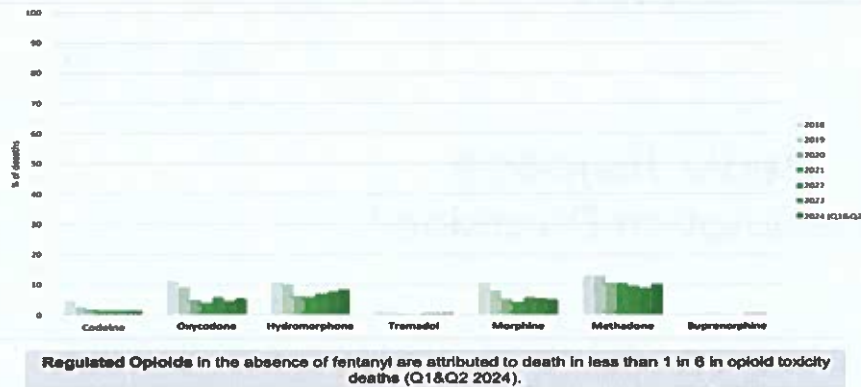

Medications are a vital part of our lives and are essential for effectively treating various conditions and diseases. When medications are no longer needed or have expired, it is imperative that you dispose of them safely and properly.

Proper disposal is crucial to prevent the accidental or intentional misuse of medications. Take action by dropping off your unused or expired medications at participating pharmacies where this service is available free of charge any day of the week.

Remember, selling your prescription medications is not just discouraged; it is illegal under the Control Drugs and Substance Act (CDSA) and carries serious penalties. Make the responsible choice and dispose of medications correctly.

According to the Office of the Chief Coroner, Regulated Opioid use is involved in just under one in 6 deaths

**Regulated Opioids Involved in Opioid Toxicity Deaths

WHEREAS LifeLabs has announced its intention to close its Greater Sudbury laboratory, and the transfer of medical specimen processing from Northern Ontario to laboratories in southern Ontario;

AND WHEREAS the Greater Sudbury laboratory provides essential diagnostic services to communities across Northern Ontario, including urban, rural, and remote municipalities, and plays a critical role in ensuring timely and reliable medical testing for Northern residents;

AND WHEREAS patients with chronic illness, newborns, long-term care residents, and individuals on time-sensitive medications depend on predictable laboratory turnaround times to support clinical decision-making;

AND WHEREAS transporting medical specimens long distances to southern Ontario increases the risk of delays, specimen degradation, and retesting, particularly during frequent winter highway closures—potentially jeopardizing patient outcomes;

AND WHEREAS Northern Ontario is already experiencing shortages of health-care professionals, and the closure of this laboratory further undermines regional workforce stability, training capacity, and recruitment and retention efforts;

THEREFORE BE IT RESOLVED that the Council for the Municipality of Magnetawan call on the Province of Ontario and the Ministry of Health to take immediate action to ensure that essential medical laboratory services remain accessible within Northern Ontario, including maintaining local laboratory processing capacity in Greater Sudbury;

BE IT FURTHER RESOLVED that the Province be urged to ensure reliable, timely, and medically appropriate laboratory turnaround times for Northern Ontario patients, recognizing the unique geographic and climatic challenges of the region;

BE IT FURTHER RESOLVED that the Province be requested to protect and support the Northern Ontario health-care workforce, including medical laboratory technologists, by preventing further service centralization that disproportionately impacts Northern communities;

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to the Minister of Health, local Members of Provincial Parliament, FONOM, AMO, and ROMA.

Subject: Fwd: Closure of LifeLabs

Good afternoon

Please share this Resolution with your Mayor, Council, and Senior Management

The attached DRAFT Municipal Resolution, regarding the closing of the laboratory at Sudbury's LifeLabs, is for your council's consideration.

If a member of your Council would like to bring it forward to your next meeting, please let your Clerk know.

Suggested comment in support of this resolution

Colleagues, I'm bringing this resolution forward because the planned closure of the LifeLabs laboratory in Greater Sudbury has real implications for Northern Ontario communities like ours.

That Sudbury lab doesn't just serve one city. It processes medical tests for patients across the North urban, rural, and remote areas. When lab work is delayed, it's not an inconvenience; it can affect diagnosis, treatment decisions, and patient outcomes, especially for people with chronic illness, seniors in long-term care, newborns, and anyone on time-sensitive medications.

Sending samples hundreds of kilometres south may work on paper, but in Northern Ontario, we know the reality. Winter weather, highway closures, and long distances introduce risks that simply don't exist in southern Ontario. Delays, lost samples, and retesting are not theoretical; they're things we already deal with.

There's also a workforce issue here. Northern Ontario is already short on health-care professionals. Losing trained lab technologists and centralizing services further south makes it harder to recruit and retain the people our health system depends on.

This resolution is not about telling a private company how to run its business. It's about asking the Province to step in and make sure Northern Ontarians continue to have reliable access to essential health services. It's about fairness and patient safety.

Passing this resolution allows our municipality to add its voice and say clearly that Northern communities should not be disadvantaged simply because of geography. I believe this is a reasonable and responsible position for the Council to take, and I'm asking for your support.

Happy to chat

Talk soon, Mac.

The Honourable Doug Ford
Premier of Ontario

The Honourable Prabmeet Sarkaria
Minister of Transportation Province of Ontario

Re: Municipal Support for School Bus Safety and Stop-Arm Camera Systems

Dear Premier Ford and Minister Sarkaria,

On behalf of Council for the Municipality of Magnetawan I am writing to express our strong support for enhanced school bus safety measures across Ontario, including the implementation of school bus stop-arm camera systems and other child-safety technologies.

Illegal passing of stopped school buses remains a serious and widespread issue throughout the province, occurring an estimated 30,000 times per day. These violations place children at unacceptable risk and continue to result in preventable injuries and fatalities. Municipalities require effective, modern enforcement tools to address this dangerous behaviour.

Magnetawan supports provincial investment in and expansion of school bus stop-arm camera systems under Part XIV.3 (School Bus Camera Systems) of the *Highway Traffic Act*. These systems have demonstrated success in deterring illegal passing, improving driver compliance, and strengthening accountability. Provincial funding and implementation support would help ensure municipalities of all sizes can deploy this technology equitably.

We also support the Let's Remember Adam – Stop for the School Bus campaign, launched in memory of Adam Ranger, a five-year-old child who tragically lost his life when a driver failed to stop for a school bus displaying its flashing lights and stop arm. This tragedy highlights the urgent need for continued public education, enforcement, and the use of technology to better protect children travelling to and from school.

We respectfully call on the Province of Ontario to provide municipalities with the necessary funding tools, legislative support, and implementation guidance to advance school bus stop-arm camera systems and complementary child-safety initiatives across Ontario.

Protecting children on our roads is a shared responsibility. Through strong provincial leadership and municipal partnership, meaningful progress can be made to prevent further tragedies and enhance road safety for families across Ontario.

Thank you for your attention to this important matter.

Sincerely,

Mayor Sam Dunnett
Municipality of Magnetawan

The Honourable Doug Ford
Premier of Ontario

The Honourable Prabmeet Sarkaria
Minister of Transportation
Province of Ontario

RE: Support for Enhanced School Bus Safety and the Implementation of Stop-Arm Camera Systems

Dear Premier Ford and Minister Sarkaria,

On behalf of the Grenville 1 O.P.P. Detachment Board, we are writing to express our strong support for enhanced school bus safety measures across Ontario, including the implementation of school bus stop-arm camera systems and other child-safety technologies.

Illegal passing of stopped school buses remains a persistent and dangerous problem in Ontario, occurring an estimated 30,000 times per day. These violations place children at serious risk and continue to result in preventable injuries and fatalities. Municipalities require additional tools to address this issue effectively and consistently.

The Grenville 1 O.P.P. Detachment Board supports provincial investment in and expansion of school bus stop-arm camera systems under Part XIV.3 (School Bus Camera Systems) of the Highway Traffic Act. These systems have proven effective in deterring dangerous driving behaviour, improving compliance, and enhancing accountability. Provincial funding and support would enable municipalities to implement these technologies equitably and at scale.

Grenville 1 O.P.P. Detachment Board also proudly supports the Let's Remember Adam – Stop for the School Bus campaign, launched in memory of Adam Ranger, a five-year-old child who tragically lost his life when a driver failed to stop for a school bus displaying its flashing lights and stop arm. Adam's story underscores the urgent need for stronger enforcement, public education, and modern safety solutions to protect children travelling to and from school.

We respectfully call on the Province of Ontario to continue advancing this life-saving work by providing municipalities with the funding mechanisms, legislative support, and implementation guidance necessary to deploy stop-arm cameras and complementary safety technologies province-wide.

Protecting children is a shared responsibility. With provincial leadership and municipal partnership, we can take meaningful action to prevent further tragedies and ensure Ontario's roads are safer for students and families.

Thank you for your consideration and continued commitment to road safety.

Sincerely,

A handwritten signature in black ink, consisting of a series of loops and a large oval at the end, positioned above a horizontal line.

Item 3 – Adoption of Minutes

Resolution No. 2026-01

Moved by: Dan Robertson

Seconded by: Neil Scarlett

Be it resolved that the Almaguin Highlands OPP Detachment Board hereby approves the Regular Board Meeting Minutes dated Wednesday, November 12th, 2025.

Carried

Item 4 Delegations

N/A

Item 5 – Almaguin Highlands OPP S/Sgt Detachment Commander Updates and/or Reports

The Q4 OPP Detachment Board Report was presented to the Board.

Resolution No. 2026-02

Moved by: Kevin Noaik

Seconded by: Joe Lumley

Be it resolved that the Almaguin Highlands OPP Detachment Board hereby receives the 2025 Q4 OPP Detachment Board Report.

Carried

Item 6 – Board Business

Item 6.1. Prescription Diversion Project – The Board discussed the correspondence received from the Joint Zone 1A OAPSB/OACP. The Detachment Commander provided thoughtful and relevant input on the matter which fostered a meaningful discussion among the board members. The following resolution was then considered.

Resolution No. 2026-03

Moved by: Kevin Noaik

Seconded by: Joe Lumley

Whereas the Joint Zone 1A OAPSB/OACP has circulated correspondence to the Almaguin Highlands OPP Detachment Board pertaining to the Prescription Diversion Project and has requested that the Board provide a letter of support.

Now therefore be it resolved that the Almaguin Highlands OPP Detachment Board hereby direct the Secretary to send a letter of support to The Honourable Vijay Thanigasalam, Associate Minister of Mental Health and Addictions and to The Honourable Graydon Smith, MPP Parry Sound-Muskoka.

Carried

Item 6.2 Provincial Bail Notification Program - The Board reviewed the correspondence received from the Joint Zone 1A OAPSB/OACP regarding the Provincial Bail Notification Program. The Detachment Commander offered valuable insight and perspective, which contributed to a constructive exchange and thorough discussion among Board members. The following resolution was then considered.

Resolution No. 2026-04

Moved by: Neil Scarlett

Seconded by: Dan Robertson

Whereas the Joint Zone 1A OAPSB/OACP has circulated correspondence to the Almaguin Highlands OPP Detachment Board pertaining to the Provincial Bail Notification Program and has requested that the Board provide a letter of support.

Now therefore be it resolved that the Almaguin Highlands OPP Detachment Board hereby direct the Secretary to send a letter of support to The Honourable Michael Kerzner Solicitor General, Ministry of the Solicitor General, The Honourable Zee Hamid, Associate Solicitor General for Auto Theft and Bail Reform, Ministry of the Solicitor General, and to The Honourable Graydon Smith, MPP Parry Sound-Muskoka.

Carried

Item 6.3 – Opposition of the planned closure of Cecil Facer Youth Centre - The Board discussed the correspondence received from the Joint Zone 1A OAPSB/OACP regarding opposition to the planned closure of the Cecil Facer Youth Centre. Members considered the potential impacts on youth justice, community safety, and local service capacity. The Detachment Commander provided operational insight, which assisted the Board in understanding the broader implications of the proposed closure and supported a balanced and informed discussion prior to consideration of the resolution.

Resolution No. 2026-05

Moved by: Kevin Noaik

Seconded by: Dan Robertson

Whereas the Joint Zone 1A OAPSB/OACP has circulated correspondence to the Almaguin Highlands OPP Detachment Board in opposition of the planned closure of Cecil Facer Youth Centre and has requested that the Board provide a letter of support.

Now therefore be it resolved that the Almaguin Highlands OPP Detachment Board hereby direct the Secretary to send a letter of support to The Honourable Michael Kerzner Solicitor General, Ministry of the Solicitor General and to The Michael Parsa, Minister of Children, Community and Social Services.

Carried

The Board reviewed and discussed the draft 2026 Board Budget, identifying several items for further consideration and potential update. These included anticipated costs associated with member attendance at the 2026 Spring Conference in Niagara Falls and future Zone 1A OAPSB meetings, which are expected to be held in Sudbury and Sault Ste. Marie. The Secretary advised that confirmation of the 2026 OAPSB membership fee is pending further information from OAPSB. The Detachment Commander also requested that the Board consider allocating funds for OPP Detachment staff appreciation and recognition initiatives, which may include the presentation of awards and a dinner, or the purchase of hockey jerseys for Detachment members participating in joint games with local high school students as part of a community outreach initiative. A suggested allocation of \$2,000 was discussed. The Board engaged in a productive discussion and agreed to seek input from the municipalities to be presented by each member with a final budget presented at the next meeting.

Resolution No. 2026-06

Moved by: Joe Lumley

Seconded by: Kevin Noaik

Be it resolved that the Almaguin Highlands OPP Detachment Board hereby directs that the Secretary bring forward the 2026 Board Budget for approval at the April 8, 2026 Regular Meeting.

Carried

Item 7 – Correspondence and General Information

Resolution No. 2026-07

Moved by: Kevin Noaik

Seconded by: Dan Robertson

Be it resolved that the Almaguin Highlands OPP Detachment Board hereby receives Items 7.1 to 7.3 Correspondence and General Information as outlined on the Agenda of Wednesday, January 14th, 2026.

Carried

10. Other Business

The Detachment Commander outlined that through TPON funding, a joint partnership between the Township of Armour and the Almaguin Highlands OPP has enabled the operation of the Festive Drive Ride Program, which has been a great success. This collaborative initiative enhanced road safety and demonstrated the positive impact of targeted funding on community well-being. In addition, TPON funding continues to support the CMHA/OPP program in partnership with the Village of Sundridge, allowing this valuable mental health and community outreach initiative to remain in place.

Additional information was provided regarding school engagement initiatives, with the Detachment Commander highlighting the ongoing annual hockey games as an effective way to build positive relationships, help students feel safe and comfortable with police presence in schools and fundraises for local organizations and the Food Bank. He also noted that a lockdown exercise was conducted in November to support emergency preparedness, emphasizing that these efforts contribute to students feeling safer in their school environments and with the OPP. Finally, discussion took place regarding the upcoming spring conference, and the Detachment Commander advised that it would be beneficial for one to two Board members to attend in order to support continued learning and effective governance.

The Meeting adjourned at approximately 6:05 p.m.

Dated this 8th day of April, 2026.

Robert Sutherland, *Chair*

Beth Morton, *Acting Secretary*

Regular Meeting of the Board

Wednesday January 14, 2026

Item 6.4 Draft 2026 Board Budget {Discussion}

OVERVIEW

As per Section 71 of the CSPA, an OPP Detachment Board shall prepare estimates, in accordance with regulations made by the Minister, of the total amount that will be required to pay the expenses of the board's operation, other than the remuneration of board members. Under Section 71, municipalities shall contribute their share of the costs to the OPP Detachment Board's budget.

The Acting Secretary has provided 'draft' items for discussion for the 2026 Almaguin Highlands OPP Detachment Board Budget.

The 2026 Insurance and Membership costs are estimated based on the 2025 costs and I hope to have solid numbers for the next meeting in April.

It was recommended that a budget of \$1,200 be established for the Provincial Appointee for 2025 and I have kept this consistent for 2026.

General Board costs are established at \$1,800 for 2026, but there was a discussion at a 2025 Meeting that one or two Board Members may wish to attend the Spring OAPSB Conference this year. There are also Zone Meetings that will be held later in the year possibly in Sudbury, Sault Ste. Marie and during the OAPSB Conference in June.

This is an election year, therefore the Board may want to also keep in mind that a new Board will be appointed following the 2026 Municipal Election when determining what sessions to attend in 2026.

Item	Description	Budget
OAPSB	2026 Membership Fee	\$3,904.30
OPP Board Insurance	2026 Insurance	\$3,888.00
Provincial Appointee Honorarium	2026 Provincial Appointee Honorarium	\$1,200.00
General Board Administration	Board-led programs, Seminars, Zone Meetings, Sponsorships, etc	\$1,800.00
2026 Draft Total		\$10,792.30

This report has been submitted to the Board for discussion purposes in order to provide direction to the Acting Secretary to bring forward a 2026 Budget to the next meeting.

January 19, 2026

The Honourable Joël Lightbound
Minister of Government Transformation, Public Works and Procurement
House of Commons
Ottawa, Ontario
K1A 0A6

Dear Minister Lightbound,

We are writing regarding changes made to the Canada Post Corporation Act in Bill C-15. These amendments could significantly impact libraries across Canada and the services that they provide to ensure that Canadians—especially those facing disability, distance, or limited local resources—can equitably access reading materials, information, and culture.

Division 2, section 197 of Bill C-15 no longer requires Canada Post to guarantee a reduced postal rate for library materials, including items sent through interlibrary loan.

Interlibrary loans are an essential part of how libraries in Canada operate and they rely on the provisions of the Canada Post Corporation Act to provide these services. If Canada Post was to increase rates without any oversight from Parliament or the Government of Canada this would put a strain on already stretched library budgets and threaten their ability to offer this essential service.

While both Canada Post and the federal government have stated that they are committed to continue reduced rates of postage for library materials, ensuring that these services are enshrined in legislation, rather than being controlled by Canada Post and would protect them from further change without consultation.

Sundridge is a small, rural community. Our residents and patrons benefit significantly from being able to share resources with other libraries.

We, therefore, respectfully call on the government to maintain statutory protections for reduced-rate library materials.

Sincerely,

Nancy Millar

Village of Sundridge Council Resolution

January 14, 2026

Item (9.1)

Canada Post's free and reduced distribution of library books

Resolution #2026-003

Moved By: Vicki Whitmell

Seconded By: Fraser Williamson

THAT The Village of Sundridge Council expresses its concerns with the amendment to the Canada Post Corporations Act within Bill C-15 that could result in the disappearance of a reduced rate of postage for library materials lent by a library to a borrower, including by means of an interlibrary loan,

AND THAT Interlibrary loans are an essential part of how libraries operate and they provide access to material for the millions of library users in Canada.

AND THAT as a small rural library, the Sundridge Strong Union Public Library depends on loans from other libraries to supplement its collection and relies on Canada Post to deliver those materials at a reduced rate.

AND FURTHER THAT if Canada Post is allowed to increase the postal rate that supports this service without oversight from Parliament or the Government of Canada, there could be a devastating effect, putting a strain on already tight library budgets and threatening the ability of libraries to offer this essential service that ensures access, equity and literacy for all.

NOW THEREFORE, BE IT RESOLVED THAT, The Village of Sundridge Council encourages other municipal councils to contact their local MP and the Honourable Joël Lightbound, Minister of Government Transformation, Public Works and Procurement to strongly urge the government to ensure that Canada Post continues to provide a library postal rate so that library services remain accessible for all of Canada through interlibrary loans.

Re: Township of Southgate - Notice of Motion – OMERS Bill 68 Municipal Resolution

Please be advised that at the January 21, 2026, regular Council meeting, the Council of the Corporation of the Township of Southgate, approved the following:

No. 2026-027

Moved By Deputy Mayor Dobreen

Seconded By Councillor Shipston

WHEREAS the Ontario Municipal Employees Retirement System (OMERS) Pension Fund serves over 1,000 employers and over half a million employees and retirees from diverse groups including: municipal governments, school boards, libraries, police and fire departments, children's aid societies, and electricity distribution companies; and

WHEREAS the long-standing jointly-sponsored governance model with two corporate boards has provided stability, accountability, and fairness for both plan members and employers for more than two decades; and

WHEREAS the Government of Ontario has passed legislative changes to OMERS' governance structure through Bill 68; and

WHEREAS these changes would replace the current OMERS Sponsors Corporation with a new Sponsors Council that would lose its corporate status and independent resources; and

WHEREAS the proposed model could allow pension decisions affecting municipal employers and employees to be made without meaningful municipal oversight, increasing financial risk for municipalities and local taxpayers; and

WHEREAS municipalities are already under significant financial strain and cannot absorb additional pension costs without consequences for property taxes or local services;

THEREFORE BE IT RESOLVED THAT the Township of Southgate does not support the legislative changes to the *OMERS Act* contained in Bill 68 and requests that the Government of Ontario reconsider the advisability of proceeding with these changes;

FURTHER BE IT RESOLVED THAT the Council of the Township of Southgate supports the Association of Municipalities of Ontario (AMO) in calling on the Government of Ontario to maintain the current OMERS governance model, with two corporate Boards, as the structure that would best deliver on the long-term interests of municipalities, taxpayers, and employees.

BE IT FURTHER RESOLVED THAT this resolution be circulated to The Honourable Rob Flack, Minister of Housing and Municipal Affairs, The Honourable Peter Bethlenfalvy, Minister of Finance, MPP Paul Vickers, The Association of Municipalities of Ontario (AMO), and all Ontario municipalities.

If you have any questions, please contact our office at (519) 923-2110.

Sincerely,

Lindsey Green

Village of Sundridge Council Resolution
January 28, 2026
Item (9.3)

1.1. Road Salt Use and Reduction

Resolution#2026-019

Moved By: Luke Preston

Seconded By: Fraser Williamson

WHEREAS road salt is designated as a toxic substance under the *Canadian Environmental Protection Act* due to its potential to cause serious or irreversible harm to the environment and human health; and

WHEREAS chloride concentrations in Ontario's groundwater, rivers, and lakes have increased significantly since the 1970s, adversely affecting drinking water sources and aquatic ecosystems; and

WHEREAS the Village of Sundridge contains Lake Bernard, a large inland freshwater lake and vital environmental, recreational, and economic asset that is vulnerable to chloride contamination from surrounding land uses and transportation corridors; and

WHEREAS the Village of Sundridge has taken proactive steps to minimize salt impacts through the use of sand and low-salt mixtures and other operational practices while maintaining public safety; and

WHEREAS there is concern that winter maintenance activities on provincially maintained highways within the Village may contribute to cumulative salt loading in Lake Bernard and local groundwater systems; and

WHEREAS despite existing provincial and federal guidelines, voluntary codes of practice, and agreements, road salt pollution continues to increase, in part due to liability pressures that incentivize over-application and create challenges for snow and ice management contractors;

Telephone (705) 384-5316

Fax (705) 384-7874

Email: admin@sundridge.ca

NOW THEREFORE, BE IT RESOLVED THAT:

1. The Village of Sundridge urges the Province of Ontario to work with municipalities, industry, insurers, and environmental stakeholders to establish a limited-liability framework for snow and ice management, supported by enforceable contractor training, certification, and a single set of provincially endorsed Best Management Practices;
2. The Province of Ontario be further urged to establish and fund an expert advisory committee to support municipalities in reducing salt impacts and protecting freshwater ecosystems and drinking water sources;
3. The Village of Sundridge reaffirms its commitment to minimizing road salt use wherever feasible while maintaining safety on municipal roads, sidewalks, and parking areas;
4. The Province of Ontario be requested to collaborate with supporting municipalities on data sharing, chloride monitoring, and salt-use reduction measures for provincially maintained highways within environmentally sensitive communities and watersheds; and
5. This resolution be circulated to neighbouring municipalities, the Association of Municipalities of Ontario (AMO), local Members of Provincial Parliament, Conservation Ontario, the Ontario Municipal Water Association, the Minister of the Environment, Conservation and Parks, the Attorney General of Ontario, the Premier of Ontario, and the Ministry of Transportation.

Subject: FONOM Letter to the Prime Minister: Highways 11 & 17

Dear FONOM Members,

On January 27, 2026, FONOM sent the attached letter to the Prime Minister of Canada regarding the urgent need to modernize Highways 11 and 17; the northern Trans-Canada corridors that are critical to public safety, economic development, and national supply chains.

The letter follows FONOM's recent meetings in Ottawa and reflects the consistent concerns raised by Northern municipalities: unacceptable safety risks, repeated highway closures, and the growing importance of these corridors to trade, critical minerals development, forestry, agriculture, and national resilience.

In our correspondence, FONOM urges the federal government to make a clear, public commitment to partner with Ontario at a 50-per-cent funding level once the Province formally advances this project. We believe that clarity is essential to closing the current trust gap and moving this long-standing priority from discussion to action.

This advocacy is rooted in the principle of equal treatment for Northern Ontario within the national highway system, which is vital to communities, industry, and Canada as a whole.

We are sharing the letter with you for your awareness and continued support as FONOM works collaboratively with municipal partners, the Province of Ontario, and the federal government to advance this critical nation-building project.

As always, thank you for your engagement and for the work you do every day on behalf of Northern communities.

Sincerely,

Dave Plourde

FONOM President

Talk soon, Mac.

Subject: A Nation-Building Opportunity for Highways 11 & 17; and a Clear Federal Signal

Dear Prime Minister,

On behalf of the Federation of Northern Ontario Municipalities (FONOM), I am writing to follow up on our delegation meetings in Ottawa earlier this winter, where representatives from Northern Ontario municipalities met with members of your team, including Zachary Nixon, to discuss the growing challenges facing our 110 member municipalities.

Chief among those challenges is the urgent need to modernize Highways 11 and 17, Ontario's northern Trans-Canada corridors, through a combination of four-laning and the proven 2+1 highway model.

During our Ottawa meetings, we heard a consistent and encouraging message: **if the Province of Ontario were to formally advance this project as a priority, the Government of Canada would be prepared to participate at a 50-per-cent funding level.** That clarity matters deeply to Northern communities.

At present, however, a trust gap remains. The Province has indicated hesitation to proceed without a clear, public federal commitment. In short, Ontario needs to hear plainly and publicly that Ottawa is ready to be an equal partner.

We are therefore respectfully urging you to make that commitment explicit.

This is not an abstract policy discussion. People are dying on these highways. Families, truck drivers, and first responders face unacceptable risk every day on corridors that carry **more than \$200 million in goods daily**, serve as the primary access route to the Ring of Fire, and are critical infrastructure for national defence, emergency response, and continental supply chains.

Highway 11, in particular, is increasingly indispensable: a more reliable east-west trade corridor, less vulnerable to weather disruptions, and central to Canada's critical minerals, forestry, agriculture, and energy future. It is also essential to Canada's internal resilience at a time when secure domestic trade routes matter more than ever.

Your government's Building Canada Act and nation-building criteria speak directly to this moment.

Upgrading Highways 11 and 17 meets every test: safety, economic growth, national security, Indigenous participation, climate resilience, and shovel-ready execution. Ontario has already taken important steps with its planned 2+1 pilot. What is now required is a clear federal signal to unlock full provincial participation.

Prime Minister, if you were to publicly state that the Government of Canada is prepared to invest 50-cent dollars in this corridor once Ontario brings it forward, it would be heard loudly and clearly at Queen's Park and across Northern Ontario.

Should you wish to do so, FONOM would welcome the opportunity to make that announcement at our 2026 FONOM Conference in Timmins, alongside Premier Doug Ford and in the heart of the region most directly affected. It would be a powerful nation-building moment, rooted in partnership, safety, and confidence in Canada's future.

Northern Ontarians are not asking for special treatment; we are asking for equal treatment on a national highway that has always been vital to this country's cohesion and prosperity.

We would welcome the opportunity to discuss this further at your convenience and remain ready to work with your office, the Province of Ontario, and federal partners to advance this critical project.

Thank you for your leadership and for your continued attention to the needs of Northern communities.

Respectfully,

Dave Plourde
President, FONOM

SENT ELECTRONICALLY

Ms. Kerstin Vroom
CAO/Clerk - Municipality of Magnetawan
4304 HWY 520
P.O. Box 70
Magnetawan, ON P0A 1P0

Dear Ms. Kerstin Vroom:

Re: 2026 Municipal Levy

Attached please find your **2026 Municipal Levy Information Package**.

At its meeting on January 28, 2026, the Board of Health approved the 2026 budget. The approved budget includes a 1% increase (previously confirmed) in provincial mandatory program funding and a 4% increase in the Municipal share. For 2026, the sharing split is 77.29% provincial and 22.71% municipal.

Please note that 2026 is the final year of the Strengthening Public Health Initiative, which provides a 1% funding increase to health units. Funding for 2027 is unknown at this time. Updated Draft Ontario Public Health Standards have been shared with health units; however, final release has been delayed, and current protocols and standards remain in effect.

In accordance with the Board of Health By-Laws, the Municipal Reserve status will be updated and provided with the 2025 audited financial statements. For your information, the Municipal Reserve balance as of October 31, 2025, was \$2,488,411.

To learn more about Health Unit programs, activities, and reports, please visit the North Bay Parry Sound District Health Unit website at www.myhealthunit.ca. The website is completely searchable and provides information on a wide range of health topics.

The following information is enclosed:

- **Appendix A – 2025 Levy Payment Schedule**

- **Appendix B – 2025 Board of Health Approved Budget Summary Sheet**

Should you have any questions, please do not hesitate to contact Paul Massicotte, Executive Director, Corporate Services/Privacy Officer, at (705) 474-1400, extension 5238.

Yours truly,

Rick Champagne (Jan 29, 2026 14:14:52 EST)

2026 Board of Health Public Health Budget

Budget Summary Sheet

Budget Summary	Budget 2025	Forecast 2025	Budget 2026	Cost Sharing Percentage for 2026	Notes
Total Expenses	23,282,096	23,397,114	24,052,331		1
Less Program Revenues	481,041	627,106	603,725		2
Net Expenses	22,801,055	22,770,008	23,448,606		
Less: 100% Funding, and One-Time Funding and Grants	5,190,769	5,652,102	5,544,905		3
Total Shareable Base	17,610,286	17,117,906	17,903,701		
Ministry of Health Share	13,701,100	13,318,020	13,838,100	77.29%	4
Municipal Share	3,909,232	3,799,886	4,065,601	22.71%	5
Plus: 100% Municipal - Adult Dental	98,277	53,708	98,277		6
Gross Municipal Levy	4,007,509	3,853,594	4,163,878		
Per Capita Municipal Population	106,394	106,394	106,394		7
Per Capita Rate	37.67	36.22	39.14		

Notes for Budget Summary

1	Total expenses include the cost of all Health Unit programs and services.
2	Program revenues are generated through payments from the public or the government on a fee-for-service basis.
3	The forecast for 2025 includes 100% funding from multiple sources and one-time funding for COVID-19 Vaccination expenses and Purpose-Built Immunization Product Refrigeration.
4	The Ministry of Health funding for 2026 has been confirmed at a 1% increase over last year. The new total of \$13,838,100 is 77.29% of the shareable base.
5	The municipal share is calculated using the 2025 levy plus 4%. The new total of \$4,065,601 is 22.71% of the shareable base.
6	The 2025 forecasted 100% Municipal Adult Dental is below budget as a result of increased offset revenues from the Ontario Disability Support Program and Low Income People Involvement of Nipissing.
7	As per the <i>Health Promotion and Protection Act</i> , R.S.O. 1990, c. H. 7, O. Reg. 489-97 Allocation of Board of Health Expenses, current (2022) Municipal Property Assessment Corporation (MPAC) enumeration data is used for populations. MPAC does not allow their total population data to be shared publicly.

I, Stephanie Lewin, hereby submit the following itemized statement of the amounts paid to the members of Council for the period January 1, 2025, to December 31, 2025, in accordance with Section 284(1) of The Municipal Act, S.O.2001.

These payments were made pursuant to the Municipality of Magnetawan's Bylaw 2021-67 which sets out remuneration paid to Council Members, and mileage paid to Council Members, and expenses paid to or on behalf of Council.

	Renumeration	Other Boards/Conferences/Mileage
William Bishop	\$12,363.60	\$3,340.88
Sam Dunnett	\$17,788.44	\$3,461.31
John Hetherington	\$12,363.60	\$2,399.47
Jonathon Hind	\$12,363.60	\$3,918.82
Bradley Kneller	\$12,363.60	\$2,580.18
	<u>\$67,242.84</u>	<u>\$15,700.66</u>

Subject: 2025-2026 Pothole Prevention and Repair Program Transfer Payment Agreement
Attachments: Magnetawan PPRP-TPA-Jan2026.pdf

Pothole Prevention
Hot Box \$38,000

Hello,

Thank you for submitting your application to the Pothole Prevention and Repair Program (PPRP). Please accept this letter as a funding commitment. Attached is your Transfer Payment Agreement (TPA). Please follow the steps below to complete and return your agreement by **February 6, 2026**. (Note this document is not a fillable pdf document.)

Complete and Sign the Signature Page (Immediately after Section 5.0 – “Signature Page Follows”)

- Please **sign below the legal name of your municipality**.
- Provide the **date of signing** above the date text.
- Provide the **name and title** of the signing officer(s). **Sign above the named representative**. If your organization requires **two authorized signatories** to bind the Recipient, and both names are not already included, you may type/write the second authorized signatory's name/title next to the existing fields.
- If any pre-populated fields are incorrect, please correct manually (write in) and initial those areas of change.

Complete Schedule B – Contact Information (Two Sections) page 19

Please provide the following two different contact information:

- **Contact information for the purposes of Notice to the Recipient**
Fill in: Position, Address, Phone, Fax (if applicable) and Email
- **Contact information for the senior financial person in the Recipient organization**
(e.g., CFO, Treasurer, CAO). This individual will respond to financial and reporting requests from the Province. Fill in: Position, Address, Phone, Fax (if applicable) and Email.

You may complete it using **any of the following methods**:

Option 1 — Fill Out the PDF Digitally (Using “Add Text”)

Adobe Acrobat Reader (Free)

1. Open the PDF in **Adobe Acrobat Reader**.
2. Select **“Fill & Sign”** from the right-side menu.
3. Click **“Add Text”** and click where you want to type.
4. Type the required information into:
 - Signature page fields (name, title, date)
 - Schedule B fields (contact information)
5. Add a signature:
 - Select **“Sign → Add Signature”**
 - Choose **Type, Draw, or Upload**
 - Place your signature in the correct signature block
6. Save the PDF: **File → Save As**

Microsoft Edge (Built-In on Windows)

1. Right-click the PDF → **Open with** → **Microsoft Edge**
2. Use the **Add text** tool to type into required areas
3. Use the **Draw** tool to sign
4. Save using the **disk/save icon**

Mac Preview

1. Open PDF in **Preview**
2. Open the **Markup** toolbar
3. Use **Text** tool to type
4. Use **Signature** tool to insert your signature
5. Save the file

Option 2 — Print and Complete Manually

1. Print the entire agreement
2. Use **black ink if possible**
3. Fill in:
 - All contact fields in Schedule B
 - Signature page (names, titles, dates, signatures)
4. Sign where required
5. Scan the completed pages:
 - **iPhone:** Notes → Camera → Scan Documents
 - **Android:** Google Drive → + → Scan
 - Scanner: Save as PDF
6. Save the final scanned PDF for return replying to the email the ministry sent.

3. Double-Check Before Sending

Please ensure: ✓ Legal name of the Recipient is correct

✓ Signature page is **fully completed, signed, and dated**

✓ Second authorized signatory is included if required

✓ Schedule B contact sections are fully completed

✓ File is saved as a **PDF** (not JPG or PNG)

4. How to Return the Completed Agreement

Please return your completed agreement by email. Send To: PPRP@ontario.ca sending only the signature page and Schedule B. If you require any clarification regarding signature requirements, additional signatories, or how to complete the fields in Schedule B, please contact PPRP@ontario.ca.

Once the ministry executes the TPA, funding will be deposited into the account provided as part of your application. A friendly reminder that compliance reporting documentation is due on **January 30, 2026**, for those who have not yet submitted.

Thank you,

The PPRP Team

Dear Laura Brandt:

Thank you for submitting your application entitled "Revitalization of South Sparks Docks" to the Rural Ontario Development (ROD) Program – Community Development Stream.

Funding decisions are based on the merits of each individual application using the program assessment criteria. Only those projects with the highest alignment to the ROD Program outcomes are approved for funding.

We regret to advise that your application to the ROD Program – Community Development Stream will not be funded by the ROD Program. Should you have any questions or require additional information, please do not hesitate to contact your analyst, Horia.Guidea@ontario.ca, or you can call us at 1-877-424-1300.

We encourage you to monitor the program website at www.ontario.ca/RODprogram for Rural Ontario Development Program information and updates.

Sincerely,

A handwritten signature in blue ink, appearing to read "Scott Duff".

Scott Duff
Director, Rural Policy and Economic Development Branch
Ministry of Rural Affairs
Scott.Duff@ontario.ca

Laura Brandt

Subject: 2026 Community Draw Winners
Attachments: Pine Falls Food Bank News Article.pdf

2026 COMMUNITY DRAW WINNERS!

Every year, we are inspired by our clients' dedication to helping their communities and neighbours. What a difference you make!

Congratulations to our 2026 Winners! These winners were randomly selected from all eligible entries.

☹️ Revitalization of Croft Recreational Park

DRAW #1 - COMMUNITY PROJECT - \$1,000

RM of Pleasantdale No. 398, Saskatchewan

Project: Naicam Kiddie Kollege - Preschool

The Naicam Kiddie Kollege seeks annual sponsorship to cover preschool tuition for a child. Preschool provides children with an important stepping stone in preparation for kindergarten. It helps kids socialize and prepares them for the education foundation that they will need to continue their educational journey. The winnings from the Community Project Draw will give two children the opportunity to attend preschool that may not have been able to do so previously due to family financial hardship.

DRAW #2 - Relief Fund Program - \$500

Town of Powerview-Pine Falls, Manitoba

Project: Pine Falls Regional Food Bank

The Pine Falls Regional Food Bank opened on January 3, 2025, bringing essential support to those facing food insecurity in Powerview-Pine Falls, Sagkeeng First Nation, and surrounding communities. From January 3 to October 30, 2025, the new food bank provided 1,792 hampers of various sizes, supporting 3,856 people (2,190 adults and 1,666 children). See attached article.

Community Pantry ☹️

Thank you to all who submitted entries. Keep up the great work!

MuniSoft Client Care

IMPORTANT REMINDERS:

***2026 Annual Billing** packages were uploaded to customer portals the first week of December. The **deadline for payment is January 31, 2026**. Log in to the Customer Portal to view your account and available documents.

***Support & Training Platform Change:** We are now using **Microsoft Teams** for all support and individual training sessions. Please **download the desktop version** so our team can assist you effectively.

***Registration is now open for our 2026 MuniSoft Conferences. Early bird special ends on January 31, 2026.** Register early to avoid disappointment! https://www.surveymonkey.com/r/MuniSoft_2026_Conference_Registration

**THE MUNICIPAL OFFICE AND LANDFILLS
WILL BE CLOSED
MONDAY FEBRUARY 16, 2026**

**THE MUNICIPALITY OF
MAGNETAWAN WOULD LIKE
TO WISH EVERYONE A SAFE
AND HAPPY FAMILY DAY**

ICYMI Council Highlights January 21, 2026

To read the complete minutes, agenda packages and by-laws please visit our website at www.magnetawan.com

Want to listen all about it? Listen to the live audio stream recording of the January 21st Council Meeting! Visit our January 21st Council Minutes and Agenda's Page under Government, Agenda and Minutes. Links to live audio streams will be posted to our website in the mornings the day of Council meetings!

Super Senior nominations are now open for 2026!

The Ontario Senior of the Year Award gives each Municipality in Ontario the opportunity to honour one outstanding local Ontarian who after the age of 65 has enriched the social, cultural, or civic life of their community. If you would like to nominate a SUPER SENIOR from our Municipality for this award, please send your nomination to lbrandt@magnetawan.com by March 13, 2026

GREAT NEWS! Staff applied for grant funding and were successful in their application to the 2025-26 Fire Protection Grant Funding Stream in the amount of \$33,683.44 and the funds will be used towards bunker gear, station gear and much needed fire equipment!.

Council passed resolution 2026-08 donating \$500 to the Almaguin Pride Network in 2026 and will join communities across Canada to celebrate Pride Month in June!. To find out more about the Almaguin Pride Network and their events visit their website at www.almaguinpride.com!

Council passed resolution 2026-07 receiving the report Outcome of New Years Eve Gala and approves the recommendations contained therein to transfer the ticket and bar proceeds in the amount of \$6,933.30 to the Community Enhancement Fund. Stay tuned for a New

That it takes the Public Works Department an estimated 8 hours per route (one round) to complete Snowplowing within the Municipality? The Roads Crew aims to be out before the School Buses and typically Bus Routes are completed first!

SAVE THE DATE

The next open public meeting of Council is February 11, 2026, at 1:00 pm at the Magnetawan Community Centre.

Questions? Concerns? Ideas? Contact the Municipal Office at (705) 387-3947

or by email at info@magnetawan.com

THE CORPORATION OF THE MUNICIPALITY OF MAGNETAWAN

BY-LAW NO. 2026-

Being a By-law to confirm the proceedings of Council February 11, 2026

WHEREAS Section 5(3) of the *Municipal Act, 2001, S.O. 2001, c.25*, as amended, requires a municipal Council to exercise a municipal power, including a municipality's capacity, rights, powers and privileges under Section 9, by by-law unless the municipality is specifically authorized to do otherwise;

AND WHEREAS the Council of the Municipality of Magnetawan deems it desirable to confirm the proceedings of Council and to ratify decisions made at its meeting hereinafter set out;

NOW THEREFORE the Council of the Corporation of the Municipality of Magnetawan enacts as follows:

1. Ratification and Confirmation

THAT the action of the Council of the Municipality of Magnetawan at its meeting for the aforementioned date(s) with respect to each motion, resolution and other action passed and taken by this Council at its meetings, except where otherwise required, is hereby adopted, ratified, and confirmed as if such proceedings and actions were expressly adopted and confirmed by its separate By-law.

2. Execution of all Documents

THAT the Mayor of the Council of the Municipality of Magnetawan and the proper officers of the Municipality of Magnetawan are hereby authorized and directed to do all things necessary to give effect to the said action or to obtain approvals where required, except where otherwise provided, and the Mayor and Clerk are hereby authorized and directed to execute all necessary documents and to affix the Corporate Seal of the Municipality to such documents.

READ A FIRST, SECOND, AND THIRD TIME, passed, signed and the Seal of the Corporation affixed hereto, this 11th day of February 2026.

THE CORPORATION OF THE
MUNICIPALITY OF MAGNETAWAN

Mayor

CAO/Clerk
