 <p><b>Municipality of Magnetawan</b></p>	<h2>REPORT TO COUNCIL</h2>
To:	Mayor and Council
From:	Deputy Clerk Laura Brandt
Date of Meeting:	October 8, 2025
Report Title:	Year End Report Locks and Heritage Museum Centre.

**Background:** This report is to inform Council on how the Magnetawan Locks and Heritage Museum Centre operated over the course of the 2025 summer season.

Eleven students were hired for the 2025 summer season – four for the locks ,four for the museum two for the trail clean up project and one for the office. Five of the students were return hires and six students were new hires. Two students are off to their first year of college/university and one student is off to their third year of university the majority of the students would like to return next season.

The Municipality of Magnetawan received one grant from the Province of Ontario under the Summer Experience Program Grant Funding. This program aims to provide funding for municipalities to create career-related summer employment opportunities for students. Through this program, the Municipality was able to fund two summer students to operate and maintain the Heritage Centre Museum. The Municipality also received this grant funding in 2023 & 2024 to fund one summer student to operate and maintain the Heritage Centre Museum.

The Locks and Museum Students participated in a training day on June 7, 2025, led by myself. Rules, policies, and training on customer service, opening and closing of the Heritage Museum Centre, operating the locks, emptying garbage cans, cleaning of the washrooms, and cleaning of the docks, etc., was included in the training. Additionally, the Trail Clean up Students participated in a training day Tuesday July 1<sup>st</sup> . All students received Staff uniforms (t-shirts and a ‘hoodie’).

All of the students participated in an archery training day on June 8, 2025. A National Archery in the Schools Program (NASP) instructor facilitated the training and eight students, and two volunteers participated in the training. This training ensured that our Free Archery Programing could continue to run successfully and safely for the summer season. Each Monday the Recreation Leader and multiple students would attend Archery to ensure that consent forms were completed, helped with set up, tear down and supporting our two volunteers in running programming. This season there were 117 registrants that participated in the archery programming which was an increase in comparison to 2023.

This year Staff implemented our third year of Free Rollerskating Friday Nights from 6pm to 9pm. The Rollerskating programming was widely popular drawing many visitors from outside the Municipality. This season there were 198 participants that joined in the Rollerskating programming which was a decrease of 29 participants in comparison to 2024.

This year students from both the Locks and Heritage Museum Centre assisted with the Canada Day Event (closing of the road, clean up, assisting vendors with set up etc.) the Leekfest , the Dinner and a Drive-in Movie Event as well as Archery and Rollerskating which enabled programs

to run as currently the Municipality does not have a large volunteer base and relies heavily on Staff. The assistance of the students and the recreation leader helped in making Staff workload more manageable.

A summer student Staff photo was taken at the end of the season again this year and will be displayed in the Heritage Museum along with the last three years of pictures to help promote a sense of family and tradition as many former residents have worked for the Municipality in this capacity and they have fond memories of working at the Locks and Heritage Museum Centre.

At the end of the season, the students provided feedback during their reviews. None of the comments this year included items that would be included in the 2026 Budget for Council's consideration.

**Magnetawan Locks:**

\$5 a day	2025	2024	2023	2022	2021	2020	2019

<b>Gross Revenue</b>	\$900	\$805	\$895	\$1,015	\$1,115	\$910	\$885

This year, 180 boats travelled through the Locks which is an increase of 19 boats in comparison to the 2024 season. This is the first increase since 2021 as in 2022, 2023 and 2024 there was a decrease which could be a result of the increased cost of gas and cost of living or that we are going back to 2020/2019 levels.

There were four summer students that worked at the Locks this summer, manually opening, and closing the lock gates, providing boaters with a safe and enjoyable experience while travelling through the locks as well as ensuring that the washrooms and garbage's at the beach were attended to. The Locks students demonstrated great initiative this season and were diligent at ensuring their daily tasks were completed. The Locks students also stepped up and helped out cleaning up after the fireworks. Many compliments were received from residents and travellers about our Locks students this season commending the Locks students for going over and beyond and once again including children in an interactive way and explaining how the locks work as well once again giving top notch fishing advice!

The fire pump system purchased in 2022 worked well again this year to help clean the dock on the Lake Cecebe side of the locks affectionally named the "Seagull Poop Dock".

The Magnetawan Lock System brochure developed at the end of the 2020 season, was made available again this season at the Locks Information Booth, Heritage Museum Centre as well as other various organizations and/or businesses within our Municipality and surrounding communities. Further we include this brochure in our Municipality's "Welcome Package".

Our Recreation Leader helped with Pickleball Tuesday evenings after finishing her shift at the Heritage Museum Centre. She would assist our Volunteer Dianne with the tearing down of the nets and equipment. Pickleball is very well attended and consistently receives approximately 25-40 participants during the daytime and 15-20 participants in the evenings.

**Heritage Museum Centre:** As of 2020, the fee to visit the Heritage Museum Centre is by donation. There were three books that were available for purchase: Nipissing Road book, Historical Site pamphlet and the Looking Back book.

This year, 1,618 visitors attended the museum which is an increase of 617 visitors in comparison to the 2024 season. The farthest one coming from Yellowknife (NWT) and other visitors attending the museum came from, Halifax (Nova Scotia), Grand Rapids (Michigan), Deland (Florida) and PEI. The busiest day of the season was our Canada Day Celebrations June 27<sup>th</sup> with 123 visitors. This number does not include visitors who visited the Log Cabin, Public Murals, Geocaches, and Steam Engine but might not have necessarily gone up to visit the Heritage Museum Centre.

This season the Heritage Museum Centre was open at the same time as the locks (10 am to 6:30 pm). There were four summer students who worked at the Heritage Museum Centre (one which was the Recreation Leader) this summer, providing information to visitors about the history of Magnetawan and its surrounding areas. Visitors reported in the visitor guest book and in-person on the friendliness of the Staff and how helpful and knowledgeable they were as well as how interesting the history of Magnetawan is. Additionally, the METC Committee installed a visitor information brochure rack as well as signage to help highlight some of the businesses and attractions within the Municipality.

This summer the "Bear Chair" was again placed outside the entrance of the Museum to attract visitors. As well as our two additions of our Free Kids "Activity Book was made available to visitors and was very positively received.

Our Community Rock Snake project help Maggie "Reach the Beach" is still underway, and a Community Rock Snake Activity station was created which consisted of a table with rocks, brushes, paint, and outdoor varnish. This station was set up daily (weather permitting) and was monitored by the Heritage students. The students received many compliments regarding this, and this activity helped Maggie grow to over 1612 rocks this Summer. Staff started a secondary rock snake as Maggie reached the beach. Staff will be working on a new contest to name our new snake and will continue building that snake until it reaches the beach.

Our recreation equipment lending program was implemented again this year which consisted of lending out our recreational games (connect four games, ladder ball, and other lawn games). Residents and Visitors could sign games out free of charge and utilize them at the Centennial Park, Village Green, or any of the Municipalities green spaces.

Our bike share/lending program was also implemented again this year. Four youth bikes and Four adult bikes were purchased last season along with helmets and bike locks. The Students were diligent in obtaining consent forms from participants as well as sanitizing and cleaning the bikes and helmets after each use. Residents and Visitors could sign bikes out free of charge and utilize them to take in the beautiful views of our Municipality while being active. Staff will be including in the 2026 budget for Council consideration the maintenance costs (by a local bicycle repair shop) of all the bikes to ensure that they are well maintained for the 2026 season as well as the purchase of two 24-inch bicycles.

Again, this season the beach toy lending program was implemented. Four complete sets of beach toys were available to be signed out at the Heritage Museum Centre for any residents or visitors who wanted to use them for the day.

Staff implemented the Art in the Park Series again this season inviting local artists to showcase their art at the Village Green Saturdays from 10am to 1pm, which the Recreation Leader oversaw. The Recreation Leader would meet the artists, assist with set up and tear down, as well as take pictures to promote the event on all municipal social media platforms. Signage was posted throughout the downtown core and at the village green. One Artist raised \$200 towards our Community Pantry with her Plein Air workshops.

Staff implemented Music in the Park Series again this season inviting local artists to showcase their music at the Centennial Park Gazebo from 7:00pm to 8:30pm on Saturday nights from the start of July to September long weekend which the Recreation Leader oversaw. The Recreation Leader would meet the artists, assist with set up and tear down, as well as take pictures to promote the event on all municipal social media platforms. Signage was posted throughout the downtown core, Ahmic Harbour and at Centennial Park to promote this season's line-up. The majority of the Music in the Park consistently drew crowds of over 70-90 attendees, which is slightly above the average from 2024 with our closing weekend in 2025 once again drawing a record crowd of close to 300 attendees. Staff recommend keeping the Music in the Park to 10 Saturdays to run from the first weekend in July to the September long weekend with the addition of Wednesday July 1<sup>st</sup> Canada Day to start the concert series.

Staff implemented a weekly aquafit class in July and August this year which was very well attended. This programming consistently had participants of approximately 20 weekly which is an increase in comparison to the previous year.. Staff will include in the 2026 budget monies in the amount of \$800 for Aquafit Programming.

Staff implemented a weekly history campaign again this season. The Heritage Museum Students each week picked an artifact and submitted a write up, pictures and sometimes a short video clip that was posted on Municipal Social Media Platforms to promote our Heritage Museum Centre and the rich history it has to offer.

Staff assisted with three drumming circle event this season which were run by volunteer Sandra. Sandra supplied her drums and equipment for this programming. The drumming circles were very

well received and had participants of over 20 attendees each circle. Our Heritage Museum Students helped out by taking pictures of the programming for promotion on all Municipal social platforms as well as setting up of the circle (chairs) and tearing down. Staff would like to offer this programming again next year if volunteers allow.

Staff have worked with Signcraft in creating new signage (lawn signs) for our beach toy lending, recreational game lending, bikeshare lending, wheelchair bike and hockey sledge to help promote this programming.

Staff implemented Geocache programming again this year. It should be noted that more people have probably located the geocaches than logged in as some geocachers do not log that they have found them in the app. 11 of the 22 geocaches also contain a trackable with a goal for geocachers to achieve. The Municipality has received many positive responses, and Staff will be placing more geocaches around the municipality in 2026 if suitable locations can be identified.

**Future Projects:** Staff continues to investigate festivals (food truck, carnival, inflatable waterpark, etc.,) and events and incorporating the Heritage Museum Centre in yearly reoccurring events (Canada Day, Magnetawan Agricultural Fair, Magnetawan Leekfest etc.) as well as other recreational programming.

Staff are currently sourcing additional grants to help offset the cost of upgrades and the purchase of new playground equipment at Croft Recreational Park which would include wheelchair swings and accessible playground equipment. Staff will be moving forward with the Revitalization of the Croft Recreational Park Project which includes upgrades to the baseball field, playground and installation of a skateboard pump track.

Staff would like to build on the Art in the Park series to host more artists and attract larger crowds for the 2026 season. Staff will look into organizing Art in the Park every Saturday again for the 2026 season. As in previous year Staff will continue to actively sourcing grant funding for the creation of an Artisan Village (similar to the shops on the boardwalk in Gravenhurst) at the Village Green which would complement this green space and elevate the profile of the Municipality as a public art/Artisan destination drawing residents and visitors to our Municipality. Staff are currently working with the local Art Club to host an Art Show in Summer/Fall of 2026.

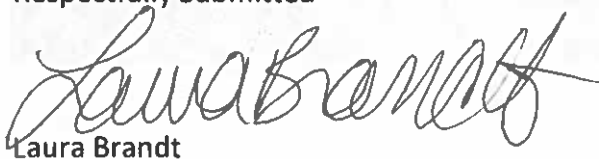

Staff are hoping to build upon the five new Public Art Installations that have been installed over the past four years. Staff will be actively sourcing grant funding for this project as currently all the grant funding that was previously secured has concluded.

Staff will be including in the 2026 budget monies for the additional rider needed for the baseball programming to run at the Croft Recreational Park in the amount of \$700 to be paid to the newly formed Baseball League.

**Financial Implications:** Staff will also be actively sourcing any other applicable grants and funding streams to maximize the Municipality's profile to ensure that we deliver free recreational programming to our residents and visitors.

**Conclusion:** Although there is a decline this year in participants in some of the programming as well as visitors through the locks and museum (this could be partially due to the rainy weather, the increased cost of gas, cost of living or that we are going back to 2020/2019 levels). The Magnetawan Locks and Heritage Museum Centre continues to be a main focal point for residents and visitors within our Municipality. By building upon these attractions and providing fun and new recreational events, we can improve the Municipality's public spaces and attract more residents and visitors to our area to make our Municipality a better place to work, live, stay and play!

## **Chief Administrative Officer's Report**

**September 2025**

### **Mission Statement**

**To foster healthier communities by economically providing caring human services that empower and enable the people we serve to improve their quality of life.**

## Association of Municipalities of Ontario Conference (Ottawa, Aug 17-20, 2025)

At the recent Association of Municipalities of Ontario (AMO) Conference, the Northern Ontario Service Deliverers Association (NOSDA) held several key meetings with provincial ministries to advocate for priorities affecting Northern communities, with our CAO Tammy MacKenzie joining the delegation to ensure a strong voice for the North.

NOSDA representatives met with Ontario's Minister of Infrastructure, Kinga Surma, to speak up for Northern Ontario. We had previously urged the Minister to continue the momentum by making the regulation changes needed so DSSABs can access the Infrastructure Ontario Loan Program - ensuring fair access to financing, with each project assessed on its merit and risk. This step is vital for building the infrastructure our Northern communities need to thrive. She reported to us that our advocacy was successful and that the regulation changes will be made in the fall.

*Pictured: Fern Dominelli (NOSDA Executive Director), Brian Marks (CAO, Cochrane DSB), Lynn Watson (NOSDA Vice-Chair), Michelle Boileau (NOSDA Chair), Minister Kinga Surma (Minister of Infrastructure), Mike Nadeau (CEO, Sault Ste. Marie DSSAB), Tammy MacKenzie (CAO, Parry Sound DSSAB), Donna Stewart (CAO, Manitoulin-Sudbury DSB), and Ken Ranta (CEO, Thunder Bay DSSAB).*

NOSDA also met with Associate Minister Graydon Smith (Municipal Affairs and Housing) to advocate for Northern Ontario. We pressed for urgent and targeted action to address soaring homelessness in the North. Northern Ontario has seen homelessness rates rise by an estimated 204% since 2016 - four times faster than the rest of the province. Indigenous people represent nearly 45% of those experiencing chronic homelessness, and in some communities up to 80% of housing stock needs major repairs. ## Association of Municipalities of Ontario Conference (Ottawa, Aug 17-20, 2025)

NOSDA representatives met with Vijay Thanigasalam, Associate Minister of Mental Health and Addictions. We emphasized the urgent need for stronger mental health and addictions supports in Northern Ontario, where limited resources and unique regional challenges demand tailored solutions. Ensuring accessible, culturally appropriate, and effective services is critical to supporting individuals, families, and communities across the North. We also met with the Minister of Education Paul Calandra. In this discussion, we highlighted the need for a fair and sustainable funding formula under the Canada-Wide Early Learning and Child Care (CWELCC) system, ensuring Northern Ontario families have access to affordable, high-quality child care that reflects the realities of our region. For more information, see NOSDA's background on this issue: <https://nosda.net/.../2025-08 cwelcc funding formula.pdf>

## **'Everyday Impact'**

### **The Human Side of Housing**

In the Housing Department, we often say that our work is about more than bricks and mortar - it's about people. A recent letter we received from a neighbour of one of our tenants is a powerful reminder of how the actions of our staff can make a lasting difference, even in the most unexpected moments.

When a tenant experienced a sudden medical emergency, several staff members immediately stepped in to provide comfort and care while awaiting emergency responders. **John McCormick**, Facility Maintenance Technician, did not hesitate to act. He provided a pillow and blanket, and sat with the tenant, offering words of reassurance.

While maintenance work is often thought of in terms of repairs and upkeep, John showed that it is also about human connection - being present, compassionate, and respectful to those who are often in vulnerable situations.

We recently received a heartfelt letter from a neighbour who witnessed the event. An excerpt is included below:

*"Thank you, John, for your kindness in holding his hand, putting a pillow under his head and covering him with a blanket. All in all, thank you Housing for employing such good, kind people who reacted so perfectly today. Your love was on display this day."*

This touching story reminds us that the every day life of the Facility Maintenance Technician is not just about work orders and maintenance repairs - they are face to face with vulnerable people residing in community housing. Demonstrating compassion, humanity, and a genuine respect for dignity is a gift to the Housing Operations, and Service Management Department, and is very much appreciated.

We are grateful to John and of our staff who step up in these critical moments such as this, reminding us that our collective impact goes far beyond the physical walls of housing. It extends into the lives of the people who call our facilities home.

**DISCUSSION ITEMS**

**2.1 METC Survey – general discussion on feedback to date, additional promotions, end date**

The Committee discussed the METC 2025 Survey and results to date. The Committee decided the survey will continue to be active, collecting responses from visitors over the course of the winter. The survey will be recirculated to accommodation providers so that additional responses from visitors can be collected since the majority of responses were from residents.

Member Ross circulated to the Committee METC Consumer Research – Analysis Plan. Discussion ensued regarding the collating of individual data from the survey, in hopes that visitor specific responses can be separated from residents’ responses.

## **2.2 Work plan – path moving forward – verbal discussion of potential projects/timelines including:**

- **Explorers’ Edge – way finding signage funding**
- **Communication strategy – web presence – tag line**
- **Community Engagement**
- **Public Forum**
- **Review of Focus Group Input**
- **Engaging with accommodation providers – visitors**
- **Shop Local Campaign**
- **Falls/Winter Decorations**

### **Explorers’ Edge – way finding signage funding**

The Secretary informed the Committee that through a successful funding application with Explorers’ Edge, a Way Finding Signage project will commence. The hope is that the MTO will issue a permit for the placement of the signage at the four corners of Sparks Street and Highway 520. Signage indicators may include, Magnetawan Locks, Heritage Museum, Centennial Beach and the Lions Pavilion.

Additionally, funding will support the creation of an informational board outside the Magnetawan Anglican Church which was painted by the Group of Seven painter AJ Casson. Municipal Staff will be moving forward with this project.

### **Communication strategy – web presence – tag line**

The Committee discussed how best to supply information to visitors on current events and activities within the Municipality. Member Ramsay will connect with a colleague who does web design to have an external audit done of the Municipal website to learn how a ‘visitor’ views the website and how accessible information is to the audience.

### **Community Engagement**

The Committee agreed that more engagement is needed with community groups. The Committee will arrange direct engagement with service clubs and organizations. A goal will be to learn what common community assets are needed to further existing and future events/ activities.

### **Public Forum**

The 2025 Public Forum was discussed and a target date of one year from the initial forum was earmarked for a follow up presentation to showcase year to date efforts by the Committee

### **Review of Focus Group Input**

No action at this time will be taken regarding the Focus Group Input.

### **Engaging with accommodation providers – visitors**

The Committee would like to host an engagement event with accommodation providers, including licenced Short-term Accommodation providers, in Magnetawan. This event will assist further the understanding of visitor trends and will support the development of a “Visitor Package” that the Committee would like to put together. The Secretary will poll accommodation providers with three possible meeting dates to see if their availability will support the event.

### **Shop Local Campaign**

The Shop Local event that the METC supported in 2024 was discussed. Members would be reaching out to ACED to inquire if the event will be taking place for 2025 and to ensure the Committee can participate again since it was such a success for Magnetawan the previous year.

### **Falls/Winter Decorations**

The Secretary informed the Committee of the fall decorating that was done the previous year. Work is underway to decorate the Municipality for 2025 and volunteers are needed. Member Fraser will reach out to the Chair of the Horticultural Society to ask for additional support.

The Committee discussed additional future workplan ideas. The Committee would like to have internal information meetings with Municipal Staff and Library Staff, just to learn more about programs, challenges and opportunities.

The Committee also talked about additional brochure racks being available year-round. Currently the brochure rack in the Heritage Museum is only available during Museum operating hours. Member Lewis will be looking into possible additional locations where information can be obtained year round.

The Committee also agreed to the purchase of five Magnetawan branded umbrellas that can further support visitors in the area.

And Whereas at the present time, Germany recycles 66.1% of its garbage waste at a municipal level placing it as the most effective and prominent country when it comes to recycling in the entire world, highlighting the citizen's strength and motivation to deal with environmental issues on a daily basis.

And Whereas German schools often integrate recycling education into their curriculum and by this early exposure, instills a sense of responsibility in the younger generation, creating a culture of sustainability that transcends generations.

Now Therefore be it resolved that Council of the Corporation of the Town of Parry Sound supports the Resolution passed by the Municipality of Tweed, and directs staff to investigate the possibility of working together with Ontario Municipalities, Provincial and Federal Governments as well as our manufacturing partners to form a working group to ensure that our waste disposal issues can be resolved quickly, efficiently and effectively with the use of incineration, more robust recycling programs and sustainable practices so that our future generations will not suffer from our environmental mismanagement and to request support from these organizations; and

That a copy of this resolution be sent to Premier Ford, Parry Sound-Muskoka MPP Graydon Smith, opposition party leaders, District of Parry Sound municipalities, and the Municipality of Tweed.

**WHEREAS** the Northern Ontario Resource Development Support (NORDS) pilot program was introduced to help Northern Ontario municipalities address infrastructure pressures resulting from natural resource sector activities;

WHEREAS the Association of Municipalities of Ontario (AMO) has recommended updates to municipal Codes of Conduct to include provisions for workplace safety, anti-harassment, and escalating enforcement mechanisms;

AND WHEREAS these recommendations include:

Including workplace safety, harassment, and anti-discrimination policies in municipal Codes of Conduct;

Establishing a system of flexible administrative monetary penalties that reflect local economic conditions;

Providing standardized and enhanced training for municipal Integrity Commissioners to ensure consistency of decisions across Ontario;

Enabling municipalities, through a recommendation from an Integrity Commissioner, to apply to a judge for the removal of a sitting member in cases of serious misconduct such as harassment or assault;

Prohibiting any removed member from running for office during the remainder of the term in which they were removed and the subsequent term;

The establishment of a Provincial Integrity Commissioner Board, removing the

1. Council Supermajority Vote for Removal:

- AMO believes a two-thirds majority vote is a more proportionate and appropriate threshold for removing a council member for misconduct, compared to the current requirement of a unanimous vote.

Progressive Discipline Options:

- AMO is recommending that the legislation include a range of disciplinary options, not just removal from office.

# THE CORPORATION OF THE CITY OF DRYDEN

**MOVED BY:** Price

**DATE:** 22-Sep-25

**SECONDED BY:** Klewning

**RESOLUTION NO.:** 14

Whereas drowning is one of the leading causes of preventable deaths among children in Ontario and research by the Lifesaving Society of Ontario shows that most children who drown never intended to be in the water; and

Whereas evidence demonstrates that even basic swimming and water survival skills significantly reduce the risk of drowning; and

Whereas many children in Ontario do not have equitable access to swimming lessons outside of school due to financial, cultural or geographic barriers; and

Whereas several municipalities across Ontario have expressed strong interest in improving water safety education for children; and

Whereas the Ministry of Education has the authority to incorporate water safety and survival training into the regular elementary school curriculum as a universal, life-saving skill comparable to fire safety and road safety instruction;

Therefore, be It resolved that the Council of The Corporation of The City of Dryden respectfully urges the Government of Ontario, through the Ministry of Education, to incorporate mandatory water safety and Swim-to-Survive training into the elementary school curriculum for all Ontario students; and

Be it further resolved that a copy of this resolution be forwarded to The Honourable Minister of Education of Ontario, local Members of Provincial Parliament, the Association of Municipalities of Ontario and all Ontario municipalities, with a request for their endorsement.

Dear Heads of Council and Chief Administrative Officers of OPP-Policed Municipalities:

The Ministry of the Solicitor General has undertaken a review of the Ontario Provincial Police (OPP) cost recovery model. I would like to extend my gratitude for your participation and input into this process.

I am writing to inform you that because of the review, regulatory amendments have been made to Ontario Regulation 413/23: Amount Payable by Municipalities for Policing from Ontario Provincial Police under the *Community Safety and Policing Act, 2019*. These amendments are in effect and will inform the 2026 annual billing statement to be issued shortly.

Firstly, an 11 per cent cap is established on the increase in policing costs owed by municipalities for the 2026 calendar year when compared to 2025, excluding the costs related to any service enhancements.

Secondly, a new discounts table will be established in regulation and will apply to the 2026 billing year and going forward. This new discount table introduces a lower eligibility threshold to receive a discount. Municipalities will now receive calls for service and overtime discounts when they are three or more standard deviations from the average calls for service weighted time to property count ratio, rather than the current regulatory threshold of five standard deviations.

The amendments have been approved by Cabinet and have been filed with the Registrar of Regulations. They will be accessed publicly online through the [e-Laws page](#) – and will be available here within the next few business days.

The preparation of 2026 annual billing statements is underway and statements are targeted for release in November 2025.

As we undertook this review, we heard loud and clear that greater clarity, predictability and stability in the OPP cost recovery model, and associated billing statements, is critical to municipalities as annual budget processes are undertaken. These amendments were contemplated, and ultimately decided upon, based on those concerns and the direct feedback that we heard from OPP-policed municipalities.

Sincerely,
