

Request for Proposal – Steel Tracked Hydraulic

Excavator with Brush Head

RFP 2024-03 Addendum #2

Q#1: In regards to a specific Brush head FAE are you open to a equivalent Brand such as a Promac LDM 50 which is Direct drive vs Belt drive and a 55CC Motor, standard pusher bar for crutching. Or the Shearex VM 40SL which is a belt drive and has Standard electro Hyd door?

A#1: Yes, we would be open to an equivalent providing it meets the standards of the successful machine bid and is proven.
