

Request for Proposal – Surface Treatment

(Double Lift Tar & Chip)

RFP 2026-02 Addendum #3

Q#1: Can you please confirm that a full proposal must be submitted in addition to the form of proposal form which is already in the document? I'm not sure what detailed info is required for placement of gravel and grading.

If so, does the Municipality have a tender form in addition to this where the contractor can submit the required information?

A#1: Yes, a full proposal must be submitted in addition to the form of proposal form which is already included in the Request for Proposal (RFP) document. There is no additional tender form in addition to the RFP document. A list of submission requirements is listed on page 10 of the Request for Proposal.

Q#2 The grading item applies to the pulverizing as well as the granular a and b items?

A#2 Yes, the grading item applies to the pulverizing as well as the granular A & B

Q#3 The compaction item applies to the pulverizing as well as the granular a and b items?

A#3 Yes, the compaction item applies to the pulverizing as well as the granular A & B
