## MAKE COVID-19 THE TARGET YOU MISS THIS HUNTING SEASON

NIPISSING & PARRY SOUND – This hunting season the North Bay Parry Sound District Health Unit (Health Unit) is reminding hunters not to *buck with COVID-19*.

Although the act of hunting traditionally promotes physical distancing outdoors the same cannot be said for indoors. To help hunt COVID-19 safer, individuals are encouraged to self-assess for COVID-19 symptoms at [Ontario.ca/covid-19](https://ontario.ca/covid-19) before going to the camp or lodge. If you have symptoms of COVID-19, even mild, stay home and arrange to be tested.

Other safer COVID-19 hunting practices include:

- Consider travelling in your own vehicle to the camp or lodge, or wear a face covering with multiple people in the vehicle;
- Limiting private gatherings to 10 people indoors, 25 people outdoors;
- Socialize outside as much as possible;
- Consider having fewer hunters stay in the camp or lodge – use additional accommodation such as tents or trailers;
- Encourage your group to wear a face covering indoors or anytime tasks require people to be less than two metres apart;
- Wash your hands often with soap and water for at least 20 seconds, or use an alcohol-based hand sanitizer (at least 60% alcohol);
- Don't share personal items (e.g., cigarettes, joints, drinks, cutlery);
- Have one person make each meal and have them wear a face covering while cooking;
- Avoid serving meals and snacks in a buffet style;
- Sneeze and cough into your sleeve;
- Avoid touching your eyes, nose or mouth;
- Clean high touch surfaces frequently;
- Maintain contact tracing information of all participants.

If someone develops one or more symptoms of COVID-19 while hunting, have a plan to communicate with the group, have the individual self-isolate immediately, have a tent/trailer for the symptomatic individual to self-isolate, arrange for the individual to be tested, and contact 911 if symptoms are severe.

If you have questions, contact the Health Unit, Monday to Friday, 8:30 a.m. to 4:30 p.m. at [1-800-563-2808](tel:1-800-563-2808) option 5.
