

- 1) Please describe what you consider a “tiny home”.
 - Not a trailer, but can be on a trailer, very small looks like house
 - Less than single wide mobile home
 - Not be allowed too small for anyone
 - Ok with them
 - Smaller min. dwelling - sometimes on trailer wheels
 - Smaller home that are permanent with some restrictions on where
 - Please describe what you mean by tiny home. Keep horn lake pristine. At capacity for development. Most people draw from lake.

- 2) What do you think should be allowed on Rural properties?
 - 2nd houses for seniors
 - 2nd permanent home/granny flat
 - Not short-term rentals
 - Control short-term no Air BnB's
 - No dumping of beach sand in lake
 - 2nd dwelling on 1.5 acre lot should be allowed
 - 2nd dwelling and farming
 - House/farm/small town business - short term should be discussed. Need regulations with one week stay
 - Not on lake front

- 3) What do you think our shorelines should look like?

- More natural, not build up, commercial business that are water services like marina
- No development seen from water
- More natural not built up
- No huge boat house, floating cottages, sand in beach, PWC
- Regulation on view line restrictions
- Set back for boat lifts/dock-side lot line
- Restrict size dock, limit/restrict lifts, PWC
- Natural as possible
- No boat house, natural
- Natural with less developments

4) Where do you think row houses/townhouses should be located?
 Would this type of housing be something you or someone you know would consider living in?

- In the Village of Mag and Ahmic
- In the Village
- In the Village core, I would not live in these
- In the Village, close to Fire Hall
- It is a reality and necessary for affordable housing
- Limit use of expanding residential properties for use of 'air BnB type. I.e. No additional houses built on property
- In Village - more housing options in town could provide more 'attainable 'housing. Some seem fearful of the word 'affordable'
- Affordable houses, row house fire? May not work here
- Town houses should be located in Village affordable houses
- No, don't do it. As it would destroy our Village feel
